**The Human Rights Crisis in Kashmir** DIANE Publishing

This book reveals the astonishing, known facts about real acts of villainy...and it probes the fascinating, missing facts that confound the law and are kept in a file marked 'unsolved'.

The Global Investigative Journalism Casebook Human Rights Watch

The author presents a clear-sighted and sobering analysis of where we are today in the struggle against terrorism. Jenkins, an internationally renowned authority on terrorism, distills the jihadists' operational code and outlines a pragmatic but principled approach to defeating the terrorist enterprise. We need to build upon our traditions of determination and self-reliance, he argues, and above all, preserve our commitment to American values.

**Liberating Kuwait** Duke University Press Books

Mapping Cyberspace is a ground-breaking geographic exploration and critical reading of cyberspace, and information and communication technologies. The book: \* provides an understanding of what cyberspace looks like and the social interactions that occur there \* explores the impacts of cyberspace, and information and communication technologies, on cultural, political and economic relations \* charts the spatial forms of virtual spaces \* details empirical research and examines a wide variety of maps and spatialisations of cyberspace and the information society \* has a related website at <http://www.MappingCyberspace.com>. This book will be a valuable addition to the growing body of literature on cyberspace and what it means for the future.

**Playing with Fire** Routledge

**Clinical Emergency Medicine** U of Minnesota Press

Fontenot, former director of the School of Advanced Military Studies at Fort Leavenworth, details US Army operations during the Second Gulf War, drawing on official records and work carried out by the Army's Operation Iraqi Freedom Study Group. The first part of the book reviews the evolution of the Army since the First Gulf War. A narrative of com

[Tales from the thousand and one nights](#) McGraw Hill Professional

\*The USA Today bestseller\* Surprise... your target. Kill... your enemy. Vanish... without a trace. From Pulitzer Prize finalist Annie Jacobsen, the untold story of the CIA's secret paramilitary units. When diplomacy fails, and war is unwise, the president calls on the CIA's Special Activities Division, a highly-classified branch of the CIA and the most effective, black operations force in the world. Originally known as the president's guerrilla warfare corps, SAD conducts risky and ruthless operations that have evolved over time to defend America from its enemies. Almost every American president since World War II has asked the CIA to conduct sabotage, subversion and, yes, assassination. With unprecedented access to forty-two men and women who proudly and secretly worked on CIA covert operations from the dawn of the Cold War to the present day, along with declassified documents and deep historical research, Pulitzer Prize finalist Annie Jacobsen unveils-like never before-a complex world of individuals working in treacherous environments populated with killers, connivers and saboteurs. Despite Hollywood notions of off-book operations and external secret hires, covert action is actually one piece in a colossal foreign policy machine. Written with the pacing of a thriller, SURPRISE, KILL, VANISH brings to vivid life the sheer pandemonium and chaos, as well as the unforgettable human will to survive and the intellectual challenge of not giving up hope that define paramilitary and intelligence work. Jacobsen's exclusive interviews-with members of the CIA's Senior Intelligence Service (equivalent to the Pentagon's generals), its counterterrorism chiefs, targeting officers, and Special Activities Division's Ground Branch operators who conduct today's close-quarters killing operations around the world-reveal, for the first time, the enormity of this shocking, controversial and morally complex terrain. Is the CIA's paramilitary army America's weaponized strength, or a liability to its principled standing in the world? Every operation reported in this book, however unsettling, is legal.

*The World's Greatest Unsolved Crimes* Pinnacle Books

In essays covering everything from art and common sense to charisma and constructions of the self, the eminent cultural anthropologist and author of *The Interpretation of Cultures* deepens our understanding of human societies through the intimacies of "local knowledge." A companion volume to *The Interpretation of Cultures*, this book continues Geertz's exploration of the meaning of culture and the importance of shared cultural symbolism. With a new introduction by the author.

**Transnational Memory** Cambridge University Press

The editors and contributors to *Color of Violence* ask: What would it take to end violence against women of color? Presenting the fierce and vital writing of organizers, lawyers, scholars, poets, and policy makers, *Color of Violence* radically repositions the antiviolenace movement by putting women of color at its center. The contributors shift the focus from domestic violence and sexual assault and map innovative strategies of movement building and resistance used by women of color around the world. The volume's thirty pieces—which include poems, short essays, position papers, letters, and personal reflections—cover violence against women of color in its myriad forms, manifestations, and settings, while identifying the links between gender, militarism, reproductive and economic violence, prisons and policing, colonialism, and war. At a time of heightened state surveillance and repression of people of color, *Color of Violence* is an essential intervention. Contributors. Dena Al-Adeeb, Patricia Allard, Lina Baroudi, Communities Against Rape and Abuse (CARA), Critical Resistance, Sarah Deer, Eman Desouky, Ana Clarissa Rojas Durazo, Dana Erekat, Nirmala Erevelles, Sylvanna Falcón, Rosa Linda Fregoso, Emi Koyama, Elizabeth "Betita" Martínez, maina minahal, Nadine Naber, Stormy Ogden, Julia Chinyere Oparah, Beth Richie, Andrea J. Ritchie, Dorothy Roberts, Loretta J. Ross, s.r., Puneet Kaur Chawla Sahota, Renee Saucedo, Sista Il Sista, Aishah Simmons, Andrea Smith, Neferti Tadiar, Transjustice, Haunani-Kay Trask, Traci C. West, Janelle White

[Alliance Formation in Civil Wars](#) UNESCO

Some of the most brutal and long-lasting civil wars of our time involve the rapid formation and disintegration of alliances among warring groups, as well as fractionalization within them. It would be natural to suppose that warring groups form alliances based on shared identity considerations - such as Christian groups allying with Christian groups - but this is not what we see. Two groups that identify themselves as bitter foes one day, on the basis of some identity narrative, might be allies the next day and vice versa. Nor is any group, however homogeneous, safe from internal fractionalization. Rather, looking closely at the civil wars in Afghanistan and Bosnia and testing against the broader universe of fifty-three cases of multiparty civil wars, Fotini Christia finds that the relative power distribution between and within various warring groups is the primary driving force behind alliance formation, alliance changes, group splits and internal group takeovers.

[Local Knowledge](#) Penguin

First published in 2003, this is the first unclassified official history authored by the U.S. Army Special Operations Command relating to Operation Enduring Freedom. Contains extensive maps and illustrations. Previously difficult to obtain, this extensive study shows what Army Special Operations Forces (ARSOF) accomplished to drive the Taliban from power and to destroy al-Qaeda and Taliban strongholds as part of the global war on terrorism during Operation Enduring Freedom.

*War with the Newts* Springer

AS A U.S. NAVY SEAL, RICHARD MARCINKO KNEW NO LIMITS -- AS THE ROGUE WARRIOR, HE OBEYS NO RULES Through seven blockbuster New York Times bestsellers in the Rogue Warrior series, Richard Marcinko and John Weisman have given their readers untold thrills -- and their villains no mercy. Now the Rogue Warrior writes a whole new set of rules for the shadowy world of Black Ops as he embarks on his most explosive adventure yet -- a volatile tale of double-dealing and international intrigue that blows the lid off today's geopolitical scene. ROUGE WARRIOR®: ECHO PLATOON Dangerous times require dangerous men. And there isn't a man alive more deadly than the Rogue Warrior. Called once more to his country's service, Captain Richard "NMN" Marcinko must undertake a critical mission: uncover the hidden motives and players behind the recent attempts at the destabilization of Azerbaijan, the tiny former Soviet republic that holds the key to the oil-rich Caspian Sea. An overland pipeline to the West has been planned, and both Russia and Iran want to control the flow. But others have their own interests in the region, including bilious billionaire Steve Sarkesian, one of the world's richest and most influential men. The Rogue knows the man is involved, but just how he ties in with the Russkies and Arabs isn't clear. And just who else stands to benefit from toppling the Azerbaijani government? The answer is out there somewhere, and Marcinko is going to find it. Pulling together a platoon of his best SEALs, the Rogue Warrior races to the heart of the Middle East, revealing festering layers of treachery and greed that threaten to choke off the black gold that is America's lifeblood. Confronted by well-trained terrorists and false-faced bureaucrats, the Rogue does what he does best -- breaking rules and cracking heads -- until the only thing left standing is justice.

**Munitions of the Mind** US Naval Institute Press

Profiles important militant groups presently active in South Asian countries. The information related to these militant groups has been culled from open sources and due care has been taken to check the facts for consistency and reliability. The threat perception from each group is covered in detail.

**Horse of Karbala** Manchester University Press

Originally written in 1936, two years before Capek's death and three years before the Nazi invasion of Czechoslovakia, *War with the Newts* is considered by many to be Capek's greatest book. Working in the "fantastic" satiric tradition of Wells, Orwell, and Vonnegut, Capek chronicles the discovery of a colony of highly intelligent giant salamanders off the coast of an Indonesian island. Capek sardonically details all the reactions of the civilized world - from horror to skepticism, from intellectual fascination to mercantile opportunism - and the ultimate destruction from which it (and the newts) might not escape.

[Capitalism's Achilles Heel](#) Pearson Education India

An inside look at the billion-dollar enterprise reveals how the Internet icon grew from a concept to a social phenomenon with a bold mission: to organize all of the world's information and make it easily accessible to people in more than one hundred languages. Reprint. 50,000 first printing.

**Night of the Peacock** Walter de Gruyter GmbH & Co KG

Full colour illustrations throughout. Center of Military History publication CMH 70-118-1. Describes the achievement from 1989 through 2005 of the United States Army of a centrally directed and institutionally driven transformation relevant to ground warfare that exploited Information Age technology, adapted to post-Cold War strategic circumstances, and integrated into parallel Department of Defense efforts. Combines participant observation with solid scholarship. Explains what happened in the transformation of the Army over the past twenty years, why it happened, and who was involved. Presents the hard choices, accepted risks, processes of decision making and institutional results.

*The New Golden Age* www.Militarybookshop.CompanyUK

"Slow violence" from climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Rob Nixon focuses on the inattention we have paid to the lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today.

Rise and Kill First Bounty Books

In *The New Golden Age*, bestselling author and economist Ravi Batra identifies the roadblocks to economic prosperity--and what we need to do to overcome them. Bringing the same insight and expertise that made books like *The Downfall of Capitalism and Communism* international bestsellers, Batra takes on falling minimum wages, corporate scandals, rocketing oil prices, and many of the other crises facing the world economy. He also offers an expansive, optimistic vision of how the international community can address them and bring about something historically unprecedented: true global economic prosperity.

Color of Violence Rand Corporation

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by *The New York Times* as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The

Economist • *The New York Times Book Review* • *BBC History Magazine* • *Mother Jones* • *Kirkus Reviews* *The Talmud* says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré
