CONWAY HEATH

Heart Mafia Bloomsbury Publishing

Lalita Mādhava is praised by Rāmānanda Rāya and Caitanya Mahāprabhu for its excellent verses depicting the emotions of the highest rasa. It begins in Vṛndāvana with separation from Kṛṣṇa and ends in Dvārakā when the gopīs reunite with Kṛṣṇa as his queens, while maintaining their previous identities. Thus separation resolves into union and marriage in Dvārakā. The story included details different from the pastimes described in Bhāgavatam. Thus Viśvanātha Cakravartī explains that details of the drama were enacted in a different kalpa of Brahmā.

The Brand Called You Taylor & Francis

THE STORY BEHIND THE MAN WHO RECEIVED HIS HOLINESS THE DALAI LAMA IN 1959 1857, coerced by the East India Company, Ram, a young low-profile astrologer, flees Awadh because he dares to predict about a Gora Sahib and the East India Company. He struggles hard to reach Assam. Takes the humongous river route, largely in a row boat from Allahabad to Tezpur via Chittagong, sailing across, the mighty Ganges-Padma-Brahmaputra-Meghna, the Bay of Bengal and then to Tezpur, again via the Bay of Bengal, Meghana, Padma and the Brahmaputra changing a dozen row boats. Later, Kalachakra ... the wheel of time settles the karmic scores in this 'Root to Karma-Bhoomi' story by giving his progeny Kamakhya Prasad Tripathi, then a minister in the Assam Cabinet, the lifetime

opportunity to receive the Dalai Lama on behalf of the Government of India when he flees Tibet with his retinue on 18th April 1959. The narration unfolds the golden conversation between Dalai Lama and Kamakhya Prasad Tripathi hitherto not told.

Secrets of Yantra, Mantra and Tantra Calcutta : Thacker, Spink ; Bombay : Thacker ; London : W. Thacker

Unveiled in this book are the secrets of the occult sciences of Yantra, Mantra and Tantra to help the reader achieve worldly success and spiritual enlightenment. Detailed instructions are given for the preparation and application of Yantras for specific purposes: to win favours, defeat for selecting and using Mantras to attain miraculous powers, and fulfilment of one's desires, are explained in detail. In the Tantra section of the book, methods of treatment of diseases by herbs are given. Information is provided about Tantric articles and where to obtain them.

Hypnotism Spells Notion Press

The role of women and ideas of gender are fundamental components of all religious traditions. This book examines the representations of women within Tantra using a case study of a selection of Hindu Tantric texts from the 15th through 18th centuries in Northeast India.

Tantric Visions of the Divine Feminine Bloomsbury Publishing

How do you find sure footing in an increasingly volatile world which has recently found itself caught in an agonizing tornado of problems? How do you keep yourself focused on the goals of life when the society around you transforms all the placeholders in your ladder of a successful life? How do you look at insurmountable problems and assure yourself that you can emerge as a true survivor? There are so many things that may cause you to retract into a shell of safety where you can stay forever without going forward in life. But that shell of safety stops growth and takes away your freedom, limiting you from achieving your goals and becoming the person you aim to be. Through this book, you and I will embark on a journey of self-awareness where you are the priority. A journey that reciprocates with your desire to break away from the fetters of stereotypes which condition us to

base our successfulness through the eyes of the society and how others accept or perceive us. Are you ready to unlearn everything that coerces you to live up to others' expectations and learn how to put yourself in your own shoes and walk the road to successfulness with your head held high and your mind focused on your happiness.

Lalita Mādhava Motilal Banarsidass

There is no one else in the world like you. Your personal brand has been registered in your name and patented with your persona even though there may be hundreds of people carrying the same name. Creating, building, and developing your personal brand is entirely in your own hands. Conversely, destroying or diminishing your brand is also only in your own hands. Your brand is the essence of your own unique story. The key to this is reaching deep inside yourself and pulling out the authentic, the unique 'you', from within your own self. What we do with our own brand name could be the difference between being very successful and not so successful. This is as true for personal branding as it is for business branding. The Brand Called You outlines how critical it is for each one of us to understand the power and vulnerabilities of our brand and invest wisely and consistently in our persona and our name. Remember, the only legacy you will leave behind in the world is your name.

Menstruation Across Cultures Oxford University Press on Demand

The ever-increasing popularity of Yoga and related practices makes a desktop reference like this indispensable. With over twenty-five hundred entries and extensive illustrations, it combines comprehensiveness with accessibility. The book is arranged and written in a manner that will inform rather than overwhelm the lay reader, while at the same time offering valuable references for the professional researcher and the historian of religion. This new edition includes information about contemporary Yoga teachers. It also provides fuller descriptions and illustrations of Yoga poses, and features additional cross references.

It Makes A Detailed Study Of The Temple Rituals, Festivals And Personnel And Socio-Cultural Life And Includes An Account On Spread Of Saktism In The Region.

Adi Deo Arya Devata Motilal Banarsidass Publ.

Tantra—often associated with Kundalini Yoga—is a fundamental dimension of Hinduism, emphasizing the cultivation of "divine power" (shakti) as a path to infinite bliss. Tantra has been widely misunderstood in the West, however, where its practices are often confused with eroticism and licentious morality. Tantra: The Path of Ecstasy dispels many common misconceptions, providing an accessible introduction to the history, philosophy, and practice of this extraordinary spiritual tradition. The Tantric teachings are geared toward the attainment of enlightenment as well as spiritual power and are present not only in Hinduism but also Jainism and Vajrayana Buddhism. In this book, Georg Feuerstein offers readers a clear understanding of authentic Tantra, as well as appropriate guidance for spiritual practice and the attainment of higher consciousness.

Articles chiefly on social life and customs of Kashmiri Pandits of India.

What is Para-Consciousness Routledge

In the West, the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock. For European colonizers, Orientalist scholars and Christian missionaries of the Victorian era, Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so-called 'Indian mind': a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism. Yet for most contemporary New Age and popular writers, Tantra is celebrated as a much-needed affirmation of physical pleasure and sex: indeed as a 'cult of ecstasy' to counter the perceived hypocritical prudery of many Westerners. In recent years, Tantra has become the focus of a still larger cultural and political debate. In the eyes of many Hindus, much of the western literature on Tantra represents a form of neo-colonialism, which continues to portray India as an exotic, erotic, hyper-sexualized Orient. Which, then, is the 'real' Tantra? Focusing on one of the oldest and most important Tantric traditions, based in Assam, northeast India, Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos, the human body and political society. In a fresh and vital contribution to the field, the author suggests that the 'real' meaning of Tantra lies in helping us rethink not just the history of Indian religions, but also our own modern obsessions with power, sex and the invidious legacies of cultural imperialism.

Tantra, Mantra, Yantra Gyan Publishing House

In this volume, Mahasweta Devi reveals a fresh new face to those who know her only from her hardhitting socially committed writing as a writer of delightfully whimsical and funny children s stories. This is a side of her personality that young readers in Bengal have enjoyed and savoured for over thirty years. This volume consists of ten favourite stories, selected by the author from Sandesh, a popular children s magazine closely identified with the family of the renowned filmmaker Satyajit Ray who edited and illustrated it for years. These irresistible stories abound with unlikely and colourful characters: a vehemently non-vegetarian cow, the household pet, who wolfs down fried fish and gets drunk on local spirits; an irrepressible prankster of a brother who gets himself and everyone else into trouble with his mischievous tricks; a father who thinks nothing of filling the entire house with hens and chickens while on an economic drive, and a teeming assortment of others like Chittu, the little creature who changes into a pebble or a mongoose at will. Mahasweta Devi is one of India s foremost writers. Her powerful fiction has won her recognition in the form of the Sahitya Akademi (1979), Jnanpith (1996) and Ramon Magsaysay (1996) awards, the title of Officier del Ordre Des Arts Et Des Lettres (2003) and the Nonino Prize (2005) amongst several other literary honours. She was also awarded the Padmasree in 1986, for her activist work among dispossessed tribal communities. Paramita Banerjee who has translated these stories has several translations to her credit. Nabaneeta Dev Sen who has written the introduction, is herself a well-established writer of poetry and fiction.

You are thee priority Blue Rose Publishers

The British claimed that India's Adivasi population lay beyond the pale of mainstream Hindu society. Yet even a cursory mapping of the spiritual-cultural landscape reveals a deep symbiotic relationship between tribals and non-tribals, which is amply reflected in the ancient literature and inscriptions. Indeed, it was also noted by colonial anthropologists and ethnographers (mainly British officials),

who deliberately delinked tribals from Hindu society through the imposition of racial categories and census classifications. Tribals have made an enormous contribution to India's civilisation; all major gods of the Indic tradition have tribal links. Shiva was worshipped by forest-dwelling communities in large parts of the country, as were Vishnu's incarnations as Varaha (boar) and Narasimha (lion). Vishnu, in fact, evolved out of several distinct deities, notably Vasudeva, the supreme lord of the Vrishni/Satvata tribe; Krishna of the Yadava clan; Gopala of the Abhira tribe and Narayana of the Hindukush mountains. Similarly, Gautama Buddha hailed from the Sakya tribe; Vardhaman Mahavira was a scion of the Jnatrikas. There is to this day a close relationship between the Kurumba, Lambadi, Yenadi, Yerukula and Chenchu tribes and Shri Venkateshwar of Tirupathi. Lord Ayyappam in Kerala and Mata Vaishno Devi in Jammu also appear to have tribal links. All these gods and temples, as also that of Jagannath in Puri, enjoy a pre-eminent status in the classical Hindu pantheon. Even caste, long regarded as the keynote of Hindu society, possibly originated in the tribal clan or gotra. The term 'jat' or 'jati' is used equally for caste and tribe in most Indian languages and tribal dialects. Moreover, the defining characteristics of tribes apply equally to castes, such as claims of descent from a common ancestor, common language, endogamy and clan exogamy, caste/tribal councils, certain taboos in matters of diet and marriage alliances, presence of hierarchy within groups and limited self-sufficiency. Mahatma Gandhi insisted that tribals are an inalienable part of Hindu society. This work suggests that tribal society constitutes the keynote and the bedrock of Hindu

civilisation.

Accessions List, India Mittal Publications

Hindu mythology can easily become a bewildering subject. There are a vast number of gods, demigods and supernatural beings (some writers refer to as many as 330 million deities). More than this, the beliefs concerning them, their roles in religious practice, and their manifestations in different texts vary according to time, place, and tradition throughout India's vast territory and long history. For anyone interested in the subject, or for anyone approaching an epic such as the Mahabharata, a good guide is needed, and none has equaled Hindu Mythology, Vedic and Puranic by W.J. Wilkins for completeness and clarity.
