How to survive the digital revolution without getting trampled: your guide to online mindfulness, digital self-

empowerment, cybersecurity, creepy ads, trustworthy information, and more. Feeling overwhelmed by an avalanche of online content? Anxious about identity theft? Unsettled by the proliferation of fake news? Welcome to the digital revolution. Wait—wasn't the digital revolution supposed to make our lives better? It was going to be fun and put the world at our fingertips. What happened? Keep Calm and Log On is a survival handbook that will help you achieve online mindfulness and overcome online helplessness—the feeling that tech is out of your control—with tips for handling cybersecurity, creepy ads, untrustworthy information, and much

more. Taking a cue from the famous World War II morale-boosting slogan (“Keep Calm and Carry On”), Gus Andrews shows us how to adapt the techniques our ancestors used to survive hard times, so we can live our best lives online. She explains why media and technology stress us out, and offers empowering tools for coping. Mindfulness practices can help us stay calm and conserve our attention purposefully. Andrews shares the secret of understanding our own opinions’ “family trees” in order to identify misleading “fake news.” She provides tools for unplugging occasionally, overcoming feelings that we are “bad at

technology,” and taking charge of our security and privacy. Andrews explains how social media algorithms keep us from information we need and why “creepy ads” seem to follow us online. Most importantly, she urges us to work to rebuild the trust in our communities that the internet has broken.

THE ONE WHO GOT

AWAY For Grace

Suddenly, the brooding bachelor felt an ache to finish what they started so long ago.

Not a bad proposition for a man with nothing to lose. Nothing, that is, except his heart....

Chaos is book 2 of the Los Desperados MC trilogy. Book 3, Mayhem, is available everywhere now! I can't trust her, but that doesn't mean I'm keeping my hands off her. I don't take no for an answer, and I get things done—whatever it takes. So when our latest heist lands us the best runner from our rival club, it's up to me to pry the words out of her mouth. Easier said than done. She's a maniac on the

road and a bigger freak between the sheets.

With lips begging to be kissed and curves screaming to be tamed. She thinks she can beat me, she thinks she can lie. But she better get in line, because if she doesn't... .. I've got orders to put a bullet between her eyes.
