*La Massoneria spiegata ai profani* UNC Press Books

This text compares the Samaritan Torah with the Hebrew Masoretic Torah in the original language. The Samaritan Torah is reported with Hebrew characters. Both texts are written in the ancient version, without the vocalization. It is believed that the Samaritan Torah is the closest to the original Bible, written in the 6th century BC, that is, on the return from the 'Babylonian captivity'. Until that time there were only rolls (books) not organized in a prearranged canon. In the formation of the text, the rabbinate of Jerusalem

excluded several books: Samaritans accepted only the Pentateuch (the Torah, i.e. the first five books) attributable to Moses, plus the book of Joshua. The remaining books, accepted by the Jews, were not considered as inspired by God, in the opinion of the Samaritans, and therefore not deserving of becoming part of the Bible. The text includes Bereshit, Shemot, Vayikra, Bamidbar and Devarim. In this edition the content is printed according to Jewish usage.

Read Books Ltd

This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or

Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within

great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals

and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

*Occult Science* Marco Enrico de Graya

An ardent treatise for the Dignity of Man, which elevates Humanism to a truly Christian level, making this writing as pertinent today as it was in the Fifteenth Century.

Random House

This is the first translation with commentary of selections from The Zohar, the major text of the Kabbalah, the Jewish mystical tradition. This work was written in 13th-century Spain by Moses de Leon, a Spanish scholar.

*Historical Essay on the Neapolitan Revolution of 1799* Rudolf Steiner Press

This fantastic volume explores the mysterious origins of the Egyptian civilization, looking at its relationship to ancient Samaria and subsequent history. "Egyptian Civilization - Its Sumerian Origin and Real Chronology" is highly recommended for those with an interest in ancient Egypt, especially the historical development of theories and evidence relating thereto. Laurence

Austine Waddell (1899 – 1938) was a British Explorer, professor of Tibetan, and Indian army surgeon. Other notable works by this author include: "Among the Himalayas", "The Birds of Sikkim" (1893), and "Some Ancient Indians Charms from the Tibetan" (1895). Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Brotherhood University of Toronto Press

MAFIA. CAMORRA.

'NDRANGHETA. The Sicilian mafia, known as Cosa Nostra, is far from being Italy's only dangerous criminal fraternity. The country hosts two other major mafias: the camorra from Naples; and, from the poor and isolated region of Calabria, the mysterious 'ndrangheta, which has now risen to become the most powerful mob group active today. Since they emerged, the mafias have all corrupted Italy's institutions, drastically

curtailed the life-chances of its citizens, evaded justice, and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment, as it collaborates with, learns from, and goes to war with the other mafias. Today, the shadow of organized crime hangs over a country racked by debt, political paralysis, and widespread corruption. The 'ndrangheta controls much of Europe's wholesale cocaine trade and, by some estimates, 3 percent of Italy's total GDP. *Blood Brotherhoods* traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century, and shows how political violence incubated underworld sects among the lemon groves of Palermo, the fetid slums of Naples, and the harsh mountain villages of Calabria. *Blood Brotherhoods* is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their

origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages, he blends archival detective work, passionate narrative, and shrewd analysis to bring a unique criminal ecosystem—and the three terrifying criminal brotherhoods that have evolved within it—to life on the page.

René Guénon (1886-1951) was one of the great luminaries of the twentieth century, whose critique of the modern world has stood fast against the shifting sands of intellectual fashion. His extensive writings, now finally available in English, are a providential treasure-trove for the modern seeker: while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese, the Hellenic and Judaic, the Christian and Islamic, and including also Alchemy, Hermeticism, and other esoteric currents, they direct the reader also to the deepest level of religious praxis, emphasizing the need for

affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization. *Studies in Freemasonry and the Compagnonnage* is both an attempt to rediscover the lost roots of Masonry and a fascinating look into the many controversies swirling around the subject of Masonry in serious intellectual circles during the first half of the twentieth century. It must also be classed, along with *Symbols of Sacred Science*, *Spiritual Authority and Temporal Power*, *Traditional Forms and Cosmic Cycles*, *The Esoterism of Dante*, *Insights into Christian Esoterism and Insights into Islamic Esoterism and Taoism*—not to mention related sections in many of his other books—as one of René Guénon's masterful excursions into esoteric myth, symbolism, and secret history. Freemasonry may indeed be, as Guénon ultimately concluded, a largely degenerated and thus no longer strictly 'operative' offshoot of a true initiatory lineage; yet its symbolism, like that of the original Rosicrucians, remains profound, traditional, and therefore

ultimately legitimate. And given that the 'Spirit bloweth where it listeth', it is always possible that symbolism of this order may awaken in a receptive soul intimations of the Truth and the Way, which can be of inestimable of value in 'the path to the Path', the quest for a living initiatory spirituality.

**Profane** Sophia Perennis Il testo non è dedicato ai Massoni, se non agli Apprendisti. E' dedicato a tutti coloro che vogliono comprendere la Massoneria senza pregiudizi e menzogne. Si illustra la storia, l'origine, l'organizzazione, i simboli, i riti. Sia quelli dei primi tre gradi base: Apprendista, Compagno d'Arte e Maestro Muratore, sia una panoramica suoi riti di perfezionamento. Il tutto con un linguaggio semplice rivoto ai profani e senza addentrarsi nei particolari. Vengono elencati i più noti Massoni italiani e stranieri. Si fa riferimento alle lotte contro l'assolutismo combattute dalla Massoneria, come la Guerra di Indipendenza Americana, la Rivoluzione Francese, il Risorgimento Italiano. Al fine di far conoscere senza visioni

distorte i fini iniziatici ed esoterici della Massoneria. The Book of Disquiet Read Books Ltd In this enthralling historical detective story, the authors of The Holy Blood and the Holy Grail trace the flight after 1309 of the Knights Templar from Europe to Scotland, where the Templar heritage was to take root, and would be perpetuated by a network of noble families. That heritage, and the Freemasonry that arose from it, became inseparable from the Stuart cause. The Temple and the Lodge charts the birth of Freemasonry through the survival of Templar traditions, through currents of European thought, through the mystery surrounding Rosslyn chapel, and through an elite cadre of aristocrats attached as personal bodyguards to the French king. Pursuing Freemasonry through the 17th and 18th Centuries, Michael Baigent and Richard Leigh reveal its contribution to the fostering of tolerance, progressive values, and cohesion in English society, which helped to pre-empt a French-style revolution. Even more dramatically, the influence of Freemasonry

emerges as key facto in the formation of the United States of America as an embodiment of the ideal 'Masonic Republic'.

### **Brought to Light**

Transaction Publishers Translation of: Saggio storico sulla rivoluzione napoletana del 1799. Zohar, the Book of Enlightenment Simon and Schuster

Masonry is much more than a social organisation of fraternal benefit to its members. It is a spiritual quest and a way of life and its destiny is to bring spiritual benefits to all men, Masons and non-Masons alike. The right function of modern Masonry is to be the builder of each man's unseen temple of life.

### **Italienischen Musikgeschichte**

Houghton Mifflin Harcourt Most studies of immigration to the New World have focused on the United States. Samuel L. Baily's eagerly awaited book broadens that perspective through a comparative analysis of Italian immigrants to Buenos Aires and New York City before World War I. It is one of the few works to trace Italians from their villages of origin to different destinations abroad. Baily

examines the adjustment of Italians in the two cities, comparing such factors as employment opportunities, skill levels, pace of migration, degree of prejudice, and development of the Italian community. Of the two destinations, Buenos Aires offered Italians more extensive opportunities, and those who elected to move there tended to have the appropriate education or training to succeed. These immigrants, who adjusted more rapidly than their North American counterparts, adopted a long-term strategy of investing savings in their New World home. In New York, in contrast, the immigrants found fewer skilled and white-collar jobs, more competition from previous immigrant groups, greater discrimination, and a less supportive Italian enclave. As a result, rather than put down roots, many sought to earn money as rapidly as possible and send their earnings back to family in Italy. Baily views the migration process as a global phenomenon. Building on his richly documented case studies, the author briefly examines Italian communities in San Francisco, Toronto, and

Sao Paulo. He establishes a continuum of immigrant adjustment in urban settings, creating a landmark study in both immigration and comparative history. *Parallel Samaritan and Masoretic Torah* Marco Enrico de Graya Diaries, memoirs *Immigrants in the Lands of Promise* Random House This volume is about the history, literature, ritual, and thought associated with ancient Mesopotamian witchcraft. With chapters on the changing forms and roles of witchcraft beliefs, the ritual function, form, and development of the Maqlû text (the most important ancient work on the subject), and the meaning of the Maqlû ceremony, as well as the ideology of the final version of the text. The volume significantly contributes to our understanding of the Maqlû text, and the reconstruction of the development of thought about witchcraft and magic in Mesopotamia. P2 Simon and Schuster SYNCHRONICITY - Flight 9941 Events on the edge of reality. Passengers disappear, one after the other Synchronicity, quantum physics and a thrilling plot: beyond the mirror exists the answer

to our questions...For author Jane Milton Ke noys, the most important moment of her career has come: the Pulitzer Prize for fiction in New York. But the trip won't be exactly what she thought. The passengers begin to disappear. Unusual circumstances slowly begin to manifest themselves, shattering the certainties of logic, events that sink their roots into a very particular conception of existence, discovered by the Swiss psychologist C. G. Jung and the father of Quantum Physics, Wolfgang Pauli. A great thriller based upon laws and scientific theories that open new extraordinary horizons to the human mind, offering intriguing answers to the most disturbing questions. What is destiny? Do we really have freedom of choice? Is ours the only existing reality? Can we solve situations with no way out? A fascinating story, able to overturn normal points of view on what we are, and what we see. From Quantum Entanglement to our consciousness, from Synchronicity to the collective unconscious, Synchronicity is the threshold of direct

connection between the mind and the universe. Here the fascinating booktrailer: <https://www.pierluigitombetti.com/booktraile>

*The Book Of Hiram*  
PublicAffairs

Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature.

[The Temple And The Lodge](#) Lulu.com

In the first comprehensive history of the fraternity known to outsiders primarily for its secrecy and rituals, Steven Bullock traces Freemasonry through its first century in America.

He follows the order from its origins in Britain and its introduction into North America in the 1730s to its near-destruction by a massive anti-Masonic movement almost a century later and its subsequent reconfiguration into the brotherhood we know today. With a membership that included Benjamin Franklin, George Washington, Paul Revere, and Andrew Jackson, Freemasonry is fascinating in its own right, but Bullock also places the movement at the center of the transformation of American society and culture from the colonial era to the rise of Jacksonian democracy. Using lodge records, members' reminiscences and correspondence, and local and Masonic histories, Bullock links Freemasonry with the changing ideals of early American society. Although the fraternity began among colonial elites, its spread during the Revolution and afterward allowed it to play an important role in shaping the new nation's ideas of liberty and equality. Ironically, however, the more inclusive and universalist Masonic ideas became,

the more threatening its members' economic and emotional bonds seemed to outsiders, sparking an explosive attack on the fraternity after 1826.
