Aeromobilities is a collection of essays that tackle in many different ways the growing importance of aviation and air travel in our hypermobile, globalized world. Providing a multidisciplinary focus on issues ranging from global airports to the production of airspace, from airline work to helicopters, and from movement in airports to software systems, Aeromobilities seeks to enhance our understanding of space, time and mobility in the age of mass air travel. From Sao Paulo to Sydney, Aeromobilities draws on local experiences of airspaces to generate theory and research that are global in scope. It is the first book of its kind, bringing together a wide range of theoretical and methodological approaches to aviation and air travel in the social sciences and humanities, while emphasizing the central role of aeromobilities in contemporary social relations. In a world where virtually every aspect of social life is touched upon, in one way or another, by the complex global network of airline flows, with its large passenger aircraft and iconic international airports, Aeromobilities provides innovative analyses of some of the most fundamental and influential mobility networks of our time.

They were predicting storms for the end of the day but the sky stayed blue and the wind died down. I went to take a look in the kitchen - make sure things weren't getting clogged up in the bottom of the pot. Everything was just fine. I went out onto the porch armed with a cold beer and stayed there for a while, my face in the sun. It felt good. It had been a week now that I'd been spending my mornings in the sun, squinting like some happy idiot - a week now since I'd met Betty.' BETTY BLUE remains a cult book and film nearly twenty years since its first outing. The extraordinary story of an erotic, doomed love affair has transfixed hundreds of thousands of readers around the world.

Investment professional Larry E. Swedroe describes the crucial difference between "active" and "passive" mutual funds, and tells you how you can win the investment game through long-term investments in such indexes as the S&P 500 instead of through the active buying and selling of stocks. A revised and updated edition of an investment classic, The Only Guide to a Winning Investment Strategy You'll Ever Need remains clear, understandable, and effective. This edition contains a new chapter comparing index funds, ETFs, and passive asset class funds, an expanded section on portfolio care and maintenance, the addition of Swedroe's 15 Rules of Prudent Investing, and much more. In clear language, Swedroe shows how the newer index mutual funds out-earn, out-perform, and out-compound the older funds, and how to select a balance "passive" portfolio for the long haul that will repay you many times over. This indispensable book also provides you with valuable information about: - The efficiency of markets today - The five factors that determine expected returns of a balanced equity and fixed income portfolio - Important facts about volatility, return, and risk - Six steps to building a diversified portfolio using Modern Portfolio Theory - Implementing the winning strategy - and more.

Elisabeth von Heyking (1861-1925), war eine deutsche Schriftstellerin, bekannt vor allem für ihren anonym erschienenen Bestseller Briefe, die ihn nicht erreichten, einen Briefroman, der noch im Erscheinungsjahr die 46. Auflage erreichte und in zahlreiche Sprachen übersetzt wurde. Sie schilderte in ihren Romanen das Leben in höheren Gesellschaftskreisen, das sie als weit gereiste Diplomatenfrau gut kannte. Aus dem Buch: "Meine große Freude hier in Vancouver ist es, endlich einmal wieder lange Spaziergänge im Schatten schöner Bäume machen zu können. Wer, wie ich, in einem Waldland aufgewachsen, sehnt sich immer danach zurück. Bäume sind mir wie lebende Wesen und jeder hat seine eigene Physiognomie, seinen Ausdruck, den er, wie wir Menschen auch, durch besondere Erfahrungen und Erlebnisse allmählich gewonnen hat. Ich begreife so gut, daß die alten Germanen sich die Bäume als Sitz besonderer Gottheiten dachten, und schon als Kind hatte ich einen wahren Abscheu vor Sankt Bonifazius, der den heiligen Baum fällte."

AS A YOUNG WOMAN, Tilly flees home for the hollow underworld of Nevada, looking for pure souls and finding nothing but bad habits. One day, after Tilly has spent nearly thirty years without a family, drinking herself to the brink of death, her niece Stella—who has been leading her own life of empty promise in New York City—arrives on the doorstep of Tilly’s desert trailer. The Gin Closet unravels the strange and powerful intimacy that forms between them. With an uncanny ear for dialogue and a witty, unflinching candor about sex, love, and power, Leslie Jamison reminds us that no matter how unexpected its turns, the life we’re given is all we have: the cruelties that unhinge us, the beauties that clarify us, the addictions that deform us, those fleeting possibilities of grace that fade as quickly as they come. The Gin Closet marks the debut of a stunning new talent in fiction.

For over half a century, Alistair Cooke entertained and informed millions of listeners around the world in his weekly BBC radio program Letter from America. An outstanding observer of the American scene, he became one of the world’s best-loved broadcasters, and a foreigner who helped Americans better understand themselves. Here, in print for the first time, is a collection of Cooke’s finest reports that celebrates the inimitable style of this wise and avuncular reporter. Beginning with his first letter in 1946, a powerful description of American GIs returning home, and ending with his last broadcast in February 2004, in which he expressed his views on the United States presidential campaign, the collection captures Cooke’s unique voice and gift for telling stories. Gathered in this volume are encounters with the many presidents Cooke knew, from Roosevelt to Nixon, Reagan, Clinton, and Bush, both Senior and Junior. His friends are warmly recollected—among them Leonard Bernstein, Philip Larkin, Humphrey Bogart, Charlie Chaplin, and Katharine Hepburn. We observe a variety of political landmarks—the Vietnam War, Watergate, Cooke’s remarkable eyewitness account of Robert Kennedy’s assassination, through to the scandals that surrounded Clinton and the conflict in Iraq. His moving evocation of the events of September 11 and its aftermath remains essential reading, while his recollections of holidays and sporting events remind us of Cooke’s delight in the pleasures of everyday life. Imbued with Alistair Cooke’s good humor, elegance, and understanding, Letter from America, 1946—2004 is a captivating insight into the heart of a nation and a fitting tribute to the man who was for so many the most reassuring voice of our times.

The Final Solution, first published in 1953, is an authoritative account of the Nazi's systematic plan to exterminate Jews (and other groups) in the 1930s until the end of World War II in 1945. The book traces the beginnings of the Holocaust and the Nazi pogroms against the Jews-the Nuremberg

Laws, the Week of Broken Glass, the ghettos and deportations-to the extermination camps and gas chambers of Auschwitz, and Nazi actions throughout Russia, western Europe and the Balkans. Appendices detail Reitlinger's estimates of the final death toll (although some of Reitlinger's figures are considered overly conservative today) and describe the fate of leading participants in "the final solution." Gerald Reitlinger (1900-1978) was an art historian and author of several books on the Nazi period, and served in the British army during the war. Today, *The Final Solution* remains one of the most objective and best-documented sources on the Holocaust.

A new mode of masturbating into the next millennium Anyone who has seen her Digital Diaries has intimate knowledge of Natacha Merritt. And of her friends, male and female, and her acquaintances as well. But Merritt's favourite motif is herself: she poses almost every minute of the day for her camera, taking photographs of herself in bed, in the shower, having sex with her friend, masturbating with and without accessories, from every imaginable angle and with the camera usually at arm's length. Merritt, born 1977, works with a digital camera, the Polaroid of the 90s, breaking down the most intimate details into universally accessible bits of information. Eric Kroll came across Natacha Merritt by chance in the internet, where she had put several of her photographs. This was something that left the tradition of classical pin-up and fetish photography, in which Kroll himself works, far behind it.

This volume recognizes and addresses the health care issues of prisoners, to establish best practices and to learn about approaches to these challenges from around the world. It presents new evidence on several emerging and classical prison health issues. The first goal of this volume is to address emerging issues related to health in prison. Second, it presents the most recent research-based evidence and translates it to the practice. The third goal, is that it allows for sufficient diversity while also incorporating updates of some important already recognized prison health. The volume discusses prisons and the life and well-being of prisoners and staff, after growing problems as drug misuse (incl. tobacco smoking), infectious diseases (HIV/AIDS, hepatitis, STIs and TB), psychiatric problems, inadequate and unhealthy living conditions (incl. nutrition), overcrowding of prisons. These are addressed adequately in order to meet the international requirements of equivalence of health care. The scope of this volume is at the same type specific and diverse enough to cover the interests of a large audience that includes many types of practitioners involved in health-related issues in the field of prison health care, such as psychologists, nurses and prison administration officers responsible for health care, legal professionals and social workers.

Fiction. Art. Women's Studies. Translated by Way Film. Aleen Solari is an artist whose work is shaped profoundly by insights into various subcultures. These insights are partly drawn from her own experiences, partly borrowed from members of certain scenes who she invites to be part of her work. Her sculptural practice moves in and out of life within these groups, and is full of codes and quotations from antifa members, football hooligans, bored youth clubs or those embedded in neonazi networks. DIRECT INTO CHAOS is a book that dives deep into these worlds, shape-shifting between fiction, documentation and artwork.
