The eBookPLUS format comprises the content and search criteria of the printed edition and its indices, facilitating complex searches.

From Primitives to Zen Liturgical Press

Gods, goddesses, and legendary heroes are brought to life in the stunning illustrations and exciting stories of Myths and Civilization of the Ancient Greeks. The civilization behind the myths is also shown in historical reconstructions of architecture, artifacts, and scenes from daily life. This book shows how the mythology and civilization of this ancient people were intertwined. Book jacket.

Myths and Civilization of the Ancient Greeks De Gruyter Saur

In the eighth century B.C. the city-states of Greece were in a constant state of war, until King Iphitus stopped the blood-shed by reviving an ancient tradition-an athletic contest to honor the gods. A truce was declared, so the warring groups could come together in peace to compete at the sacred grove at Olympia. Those games would survive for hundreds of years becoming the inspiration for our modern Olympic Games. The site of Olympia will forever be revered as the birthplace of a great tradition that

still unites the world in the spirit of peace and athletic competition. With spectacular illustrations, *Olympia* revisits those early games—the holy rituals, the chariot racing and equestrian events, the ancient pentathlon, the wrestling, the boxing—all the skills of war that readily developed into the challenge of sport. Dyan Blacklock and David Kennett bring to life the sights, sounds, and excitement of this age-old, sacred tradition.

Meg, Mog and Miss Molly

The sixteen official documents—constitutions, decrees, and declarations—of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive-language edition translated by Irish Dominican Austin Flannery (+October 21, 2008). As the worldwide Church continues to celebrate the fiftieth anniversary of the Council (1962–65), there is a great need in college classrooms and parish faith formation groups—as well as for individuals—to again have

access to these documents in contemporary English. As Flannery wrote in his introduction to the 1996 edition, “The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects. It has been very considerably revised and, in place, corrected. It is also, to a very large extent, in inclusive language. “I say ‘to a very large extent,’ because we have used inclusive language in passages about men and women but not, however, in passages about God, except where the use of the masculine pronoun was easily avoidable.”

Animal Capers

Each letter of the alphabet is represented by an animal, from the anteater and bear to the yak and zebra.
