Like Colm Tóibín's *The Master* or Michael Cunningham's *The Hours*, a novel about art and writing in the life of one of the greats Set in a sun-drenched Sicily, among the decadent Italian aristocracy of the late 1950s, Steven Price's *Lampedusa* explores the final years of Giuseppe Tomasi, the last prince of Lampedusa, as he struggles to complete his only novel, *The Leopard*. In 1955, Tomasi was diagnosed with advanced emphysema; shortly after, he began work on a novel that would fail to be published before his death four years later. When *The Leopard* at last appeared, it won Italy's Strega Prize and became the greatest Italian novel of the

century. Adhering intensely to the facts of Tomasi's life but moving deep into the mind of the author, *Lampedusa* inhabits the complicated interior of a man facing down the end of his life and struggling to make something of lasting worth while there is still time.

As part of Pegasos, Kuunsankosken Kaupunginkirjasto of Finland presents a biographical sketch about the Italian author Giuseppe Tomasi di Lampedusa (1896-1957), who was also referred to as the Duke of Palma and Prince of Lampedusa. Only three of Lampedusa's works were published during his lifetime. Some of Lampedusa's works include "The Leopard" (1958), "Two Stories and a Memory" (1961), and "Lezioni su Stendhal" (1959).

David Gilmour's biography of Giuseppe di Lampedusa unearths the life story of the creator of *The Leopard*, one of the great novels of the twentieth century. A book whose imagery, once tasted, haunts the reader forever, *The Leopard* describes the golden era of nineteenth-century Sicily: its sensual, fading, aristocratic glory and its corruption, brutality, and inequality lurking beneath the surface. Who wrote this masterpiece, this work of art? The answer is as unlikely as one might hope. A fascinating meditation on what it is that makes a writer.

With the same brilliant style and idiosyncratic intelligence that have marked all his novels--and with a bold grasp of intricate political realities--Julian Barnes's ironic glance turns home. *Letters from London* takes in everything from Lloyd's of London's demise to Maggie's majesty to Salman Rushie's death sentence. Formidably articulate and outrageously funny, *Letters from London* is international voyeurism at its best--a peek into the British mindset from the vantage point of one of the most erudite and witty British minds.

Los relatos y recuerdos de infancia de

Lampedusa. Un complemento imprescindible a *El Gatopardo*. Giuseppe Tomasi di Lampedusa, duque de Palma de Montechiaro y príncipe de Lampedusa, ocupa un lugar destacadísimo en la literatura del siglo XX gracias a su única novela: *El Gatopardo*. Un libro que es el legado universal de este aristócrata siciliano discreto y taciturno, que apenas escribió nada más. Pero en ese «apenas» tienen cabida algunos textos extraordinarios, recuperados tras el triunfo póstumo de la novela. Aparte de un puñado de cartas enviadas durante sus periplos europeos y de las lecciones literarias a un círculo de jóvenes discípulos, la restante obra literaria de Lampedusa es la que se reúne aquí bajo el título de *Relatos*. Son tan solo cuatro textos, conectados de algún modo --por el momento en que fueron escritos o por su tono y ambientación-- con su obra maestra. Y de ahí el doble interés de estas piezas breves: por un lado iluminan la intimidad y la cocina literaria del escritor, y por el otro tienen un notabilísimo interés por sí mismas. El libro se abre con unos «Recuerdos de infancia» que son evocaciones íntimas de personajes y escenarios de un universo que es la base de *El Gatopardo*; sigue el conciso cuento navideño «La alegría y la ley», en el que se atisban ecos de Chéjov y Pirandello, y a continuación la que probablemente sea la pieza más impresionante de este volumen: «La sirena», relato mitológico, sensual y melancólico, que despertó la admiración entusiasta de Marguerite Yourcenar. Por último, «Los gatitos ciegos», un cuento destinado a convertirse en el primer capítulo de una segunda novela que Lampedusa no llegó a escribir. El volumen se completa con introducciones específicas a cada uno de los textos, reproducciones de

manuscritos, un fragmento de una primera versión de «La sirena» y algunas fotografías. Todo este material ayuda al lector a contextualizar la escritura de cada una de las luminosas joyas literarias aquí reunidas.

Italy's 'Southern Question' Pan Macmillan

The 'Southern Question' has been a major topic in Italian political, economic and cultural life for a century and more. During the Cold War, it was the justification for heavy government intervention. In contemporary Italy, a major part of the appeal of the Lombard League has been its promise to dissociate the South from the North, even to the point of secession. The South also remains a resonant theme in Italian literature. This interdisciplinary book endeavours to answer the following: - When did people begin to think of the South as a problem? - Who - intellectuals, statisticians, criminologists, political exiles, novelists (among them some important southerners) - contributed to the discourse about the South and why? - Did their view of the South correspond to any sort of reality? - What was glossed over or ignored in the generalized vision of the South as problematic? - What consequences has the 'Question' had in controlling the imaginations and actions of intellectuals and those with political and other forms of power? - What alternative formulations might people create and live by if they were able to escape from the control of the 'Question' and to imagine the political, economic and cultural differences within Italy in some other way? This timely book reveals how Southern Italians have been affected by distorted versions of a complex reality similar to the discourse of 'Orientalism'. In situating the devaluation of Southern Italian culture in relation to the recent

emergence of 'anti-mafia' ideology in the South and the threat posed to national unity by the Lombard League, it also illuminates the world's stiff inter-regional competition for investment capital.

Letters from London and Europe Pantheon

There are two main sections to this thesis. A considerable part of the work consists of a new English translation of Giuseppe Tomasi di Lampedusa's 1958 novel *Il Gattopardo*, intended as an alternative to what to date is the only published English translation of the novel (by Archibald Colquhoun, first published in 1960). Accompanying the translation is a critical analysis of both the process of translating the novel, as well as of the final product itself. The first chapter of this critical analysis focuses on the author Lampedusa, his place in the cultural milieu of his day, and the novel and its history. As well as broader themes, I consider the centrality of history to an understanding of the novel, and to what degree it might be seen to conform to the modes of the more traditional historical novel. The cultural and historical contexts that I explore are seen as essential determining factors not only for a general understanding of the novel, but also with regard to its translation. In the second chapter I consider different theoretical aspects of translation. I discuss the question of retranslation, and offer both general arguments in support of it, as well as specific reasons for a new translation of

Il Gattopardo. I also address the matter of the seeming diversity of theory within the discipline of Translation Studies, and how one might go about choosing the appropriate theoretical approach for a translation project such as this one. I give an account of my own experience of practice as it relates to the translation of Il Gattopardo, which involved an exploration of the way that a kind of theory naturally develops out of practice. I also outline the effect of my more direct engagement with theory, and how that in turn impacted upon my practice. Chapter 3 is concerned with the actual translation of Il Gattopardo. Bearing in mind some of the theoretical challenges discussed in Chapter 2 (which include the idea that texts are not imbued with definitive meaning and absolutely definable qualities, the theoretical impossibility of translation, and certain difficulties around the idea of equivalence and whether or not it can even be said to exist), I attempt to establish criteria for talking about the text and for guiding the transition from source to translation. I use a source text discourse analysis which takes into account factors that lie beyond the text itself, as well as specific characteristics and features of the text (such things as lexicon, syntax, the use of quotations, layers of meaning, sentence length, punctuation, etc.) that together contribute to an overall sense of "literariness". However, in considering the question of style, and how to define it, I also allow for the possibility that it cannot necessarily be reduced to a series of attributes, but rather is constituted by something that is unique to every individual and essentially irreducible in its features and differences.

Aspects of Technique and Structure in Il Gattopardo by Giuseppe Tomasi Di Lampedusa Routledge

The first ever publication of the letters exchanged between Giuseppe Tomasi di Lampedusa (author of *The Leopard*) and his wife Licy. Giuseppe Tomasi di Lampedusa -- the author of *The Leopard* -- got married late and against the will of his parents to the Baltic noble-woman Alexandra Wolff. His relationship with Baroness "Licy", which had started in the heat of passion and romance, ended in a strange domestic arrangement in which the couple lived thousands of miles apart -- Licy in her ancestral home in Latvia, Giuseppe in his run-down palazzo in Palermo -- meeting only once or twice a year and exchanging long letters in Stendhalian French. In these letters -- here published for the first time -- their marriage is laid bare: glowing with a muted emotional fire, they deal with Giuseppe's and Licy's more pressing preoccupations and their fears at the onslaught of War, and include accounts of their diets, observations on their beloved pets and descriptions of encounters with mutual acquaintances. As a whole, they provide a fascinating glimpse into the mind and life of one of the best-loved authors of the twentieth century.

Set in the 1860s, *The Leopard* tells the spellbinding story of a decadent, dying Sicilian aristocracy threatened by the approaching forces of democracy and revolution. The dramatic sweep and richness of observation, the seamless intertwining of public and private worlds, and the grasp of human frailty imbue

The Leopard with its particular melancholy beauty and power, and place it among the greatest historical novels of our time. Although Giuseppe di Lampedusa had long had the book in mind, he began writing it only in his late fifties; he died at age sixty, soon after the manuscript was rejected as unpublishable. In his introduction, Gioacchino Lanza Tomasi, Lampedusa's nephew, gives us a detailed history of the initial publication and the various editions that followed. And he includes passages Lampedusa wrote for the book that were omitted by the original Italian editors. Here, finally, is the definitive edition of this brilliant and timeless novel. The Professor and the Siren Vintage
Giuseppe Tomasi di Lampedusa's *Il Gattopardo* achieved an international reputation during the sixties and has since proved to be one of the most enduring works of twentieth century Italian literature. In his novel Lampedusa looks back on the history of Sicily and evokes the atmosphere of a mysterious and insular world where revolution and political upheaval are bringing change to an apparently unchanging society. Ernest Hampson's introductory study stresses the extent to which the author's personal experience of Sicilian history influenced his work. He focuses on the novel's historical theme, that of the Risorgimento and its effects on the island's ruling classes, as well as on the work's key theme, that of death, the death of the protagonist, Don Fabrizio, and of the Sicilian aristocratic class which he embodies. A section is also devoted to the novel's complex use of symbolic imagery. This book is aimed at teachers and students of Italian as well as the general reader.

NOVELS FOR STUDENTS Farrar, Straus and Giroux

The basis for the powerful documentary narrated by Benedict Cumberbatch, Lewis's memoir of the Italian city after Nazi occupation is a "masterpiece" (Will Self). "Vivid, lucid, elegant, often funny," Naples '44 is the starkly human account of the true cost of war as seen through the eyes of a young, untested man who would never again look at his world the same way (The New York Times Book Review). With his gift for linguistics, Norman Lewis was assigned to the British Intelligence Corps' Field Security Service, tasked with reforming civil services, dealing with local leaders, and keeping the peace in places World War II had devastated. After a near-disastrous Allied landing at Salerno, Italy, Lewis was stationed in the newly liberated city of Naples. But bringing the city back to life was unlike anything he had been prepared for. Much of the populace was far from grateful, stealing anything they could, not only from each other but also from those sent to help them. Local vendettas and endless feuds made discerning friend from Nazi collaborator practically impossible, and turned attempts at meting out justice into a farce. And as the deprivations grew ever harsher, a proud and vibrant people

were forced to survive on a diet of prostitution, corruption, and a desperate belief in miracles, cures, and saviors. But even through the darkness and chaos, Lewis evokes the essential dignity of the Neapolitan people, their traditions of civility, courage, and generosity of spirit, and the indefatigable pride that kept them fighting for life during the greatest calamity in human history. Praised by Graham Greene as "one of the best writers . . . of our century," Norman Lewis presents a portrait of Naples that is a "lyrical, ironic and detached account of the tempestuous, byzantine and opaque city in the aftermath of war" (Will Self). His Naples '44 "reads like prose . . . sings like poetry" (The Plain Dealer).

El último Gatopardo es la primera biografía sobre Giuseppe Tomasi di Lampedusa (1896-1957) que aporta la extensa documentación personal que fue celosamente custodiada por su viuda durante más de un cuarto de siglo. Con estos y otros papeles hallados casi al azar en las ruinas del Palazzo Lampedusa y el testimonio directo de sus allegados, David Gilmour ha elaborado una obra documentada y amena en la que describe la vida de Lampedusa desde su niñez en el Palermo de la Belle Époque hasta su muerte a los sesenta años en una clínica romana, y rastrea en los lugares en que vivió, aquellos que le inspiraron los escenarios que utilizaría en su obra. Su novela *El Gatopardo* no fue publicada hasta un año después de su muerte, y desde entonces se suceden las reediciones y traducciones de la que ha sido considerada una de las mejores obras narrativas del siglo XX.
