SHANNON CHRISTENSEN

More Than a Mistress Routledge

A love song to an American icon: the first full-length biography of Carly Simon,

from an acclaimed music journalist who has known her for decades Carly Simon has won two Grammys and an Academy Award, and her albums have sold more than forty million copies. Her music has touched countless lives since her debut in the 1970s, yet her own life story has

remained unpublished-until now. Tapping private archives, family interviews, and a forty-year friendship with the legend herself, Stephen Davis at last captures Carly Simon's extraordinary journey from shy teenager to superstar. *More Room in a Broken Heart* candidly covers everything her fans want to know, including: Growing up with her father, publishing mogul Richard Simon The Bob Dylan turning point that launched her career The real story behind "You're So Vain" Carly's severe stage fright (she's the only musical guest to pretape an SNL segment) Romantic involvements with Mick Jagger, Warren Beatty, and Cat Stevens How Carly and James Taylor went from being pop music's reigning couple to independent souls living at

opposite ends of Massachusetts Surviving breast cancer Her recent financial and spiritual crises Along the way, Davis vividly takes readers back to some of the most powerful eras in American music history and delivers a tribute worthy of the artist and her loyal fans, who know that nobody does it better than Carly Simon.

Biotechnology and Biosafety IUCN These thirteen tales are populated by an assortment of fictional as well as real characters, all of them vividly sketched and true-to-life: the botanist Linnaeus, the composer Offenbach, the poet Hart Crane, the visionary horror writer H. P. Lovecraft, a southern sheriff, a dealer in rare books, a country singer, an old maid (and her suitor), and a mathematician. Whether these stories are deemed

disquieting, comic, prophetic, or tall in the telling, they show us worlds where the truth reveals itself in many shapes. Throughout the writings comprising *More Shapes Than One*, Fred Chappell's storytelling magic transforms the commonplace.

Career Construction Theory Monsoon Books

Student attrition has been a perennial theme in South African higher education throughout the decade. In its National Plan for Higher Education (2001), the Department of Education attributed high dropout rates primarily to financial and/or academic exclusions. Four years later, it reported that 30% of students dropped out in their first year of study and a further 20% during their second and third years. Against this backdrop, the erstwhile research programme on Human Resources Development initiated a research project to investigate more

thoroughly why students dropped out, what led them to persist in higher education to graduation, and what made for a successful transition to the labour market. The chapters in this volume address these issues in relation to one or more of seven institutional case studies conducted in 2005.

More Than Make-Believe Headline
Hans Fallada was a drug addict, womanizer, alcoholic, jailbird and thief. Yet he was also one of the most extraordinary storytellers of the twentieth century, whose novels, including *Alone in Berlin*, portrayed

ordinary people in terrible times with a powerful humanity. This acclaimed biography, newly revised and completely updated, tells the remarkable story of Hans Fallada, whose real name was Rudolf Ditzen. Jenny Williams chronicles his turbulent life as a writer, husband and father, shadowed by mental torment and long periods in psychiatric care. She shows how Ditzen's decision to remain in Nazi Germany in 1939 led to his self-destruction, but also made him a unique witness to his country's turmoil. More Lives Than One unpicks the contradictory, flawed and fascinating life of a writer who saw the worst of humanity, yet maintained his belief in the decency of the 'little man'.
