A "contemplative, emotional, and spiritual" (Shondaland) memoir about how resilience, hope, and defiant faith can lead to powerful transformation even amid our darkest hours. Media executive Michelle D. Hord has suffered loss at almost every major phase in her life—the most devastating being the murder of her beloved daughter at the hands of her ex-husband. With evocative prose and spiritual insight, Hord offers “inspiration and a road map to help us get to the other side” (Barbara Corcoran, founder of The Corcoran Group and star of Shark Tank) of unimaginable pain. Finding strength in God and her faith, she shares how, while we can't control the pain or trauma that alters life as we knew it before, we can always pivot to a yet and rebuild a new after. In this deeply vulnerable tribute to her daughter, Hord provides a guide for “the radical healing after loss that must occur as we seek to recover from unimaginable trials and tribulations” (Essence). WINNER OF THE SOUTHERN BOOK CRITICS CIRCLE AWARD FOR NONFICTION • “A landmark work of unflinching scholarship.”—The New York Times This extraordinary account of lynching in America, by acclaimed civil rights historian Philip Dray, shines a clear, bright light on American history’s darkest stain—illuminating its causes, perpetrators, apologists, and victims. Philip Dray also tells the story of the men and women who led the long and difficult fight to expose and eradicate lynching, including Ida B. Wells, James Weldon Johnson, Walter White, and W.E.B. Du Bois. If lynching is emblematic of what is worst about America, their fight may stand for what is best: the commitment to justice and fairness and the conviction that one individual’s sense of right can suffice to defy the gravest of wrongs. This landmark book follows the trajectory of both forces over American history—and makes lynching’s legacy belong to us all. Praise for *At the Hands of Persons Unknown* “In this history of lynching in the post-Reconstruction South—the most comprehensive of its kind—the author has written what amounts to a Black Book of American race relations.”—The New Yorker “A powerfully written, admirably perceptive synthesis of the vast literature on lynching. It is the most comprehensive social history of this shameful subject in almost seventy years and should be recognized as a major addition to the bibliography of American race relations.”—David Levering Lewis “An important and courageous book, well written, meticulously researched, and carefully argued.”—The Boston Globe “You don’t really know what lynching was until you read Dray’s ghastly accounts of public butchery and official complicity.”—Time

#1 NEW YORK TIMES BESTSELLER • The author of *Small Great Things* returns with a powerful and provocative new novel about ordinary lives that intersect during a heart-stopping crisis. “Picoult at her fearless best . . . Timely, balanced and certain to inspire debate.”—The Washington Post The warm fall day starts like any other at the Center—a women’s reproductive health services

clinic—its staff offering care to anyone who passes through its doors. Then, in late morning, a desperate and distraught gunman bursts in and opens fire, taking all inside hostage. After rushing to the scene, Hugh McElroy, a police hostage negotiator, sets up a perimeter and begins making a plan to communicate with the gunman. As his phone vibrates with incoming text messages he glances at it and, to his horror, finds out that his fifteen-year-old daughter, Wren, is inside the clinic. But Wren is not alone. She will share the next and tensest few hours of her young life with a cast of unforgettable characters: A nurse who calms her own panic in order to save the life of a wounded woman. A doctor who does his work not in spite of his faith but because of it, and who will find that faith tested as never before. A pro-life protester, disguised as a patient, who now stands in the crosshairs of the same rage she herself has felt. A young woman who has come to terminate her pregnancy. And the disturbed individual himself, vowing to be heard. Told in a daring and enthralling narrative structure that counts backward through the hours of the standoff, this is a story that traces its way back to what brought each of these very different individuals to the same place on this fateful day. One of the most fearless writers of our time, Jodi Picoult tackles a complicated issue in this gripping and nuanced novel. How do we balance the rights of pregnant women with the rights of the unborn they carry? What does it mean to be a good parent? A Spark of Light will inspire debate, conversation . . . and, hopefully, understanding. Praise for *A Spark of Light* “This is Jodi Picoult at her best: tackling an emotional hot-button issue and putting a human face on it.”—People “Told backward and hour by hour, Jodi Picoult’s compelling narrative deftly explores controversial social issues.”—Us Weekly
