Oh My Goddess! Dark Horse Comics

These ardent, even obsessed, poems about erotic passion are among the brightest jewels in the crown of Latin literature. Written by Propertius, Rome's greatest poet of love, who was born around 50 b.c., a contemporary of Ovid, these elegies tell of Propertius' tormented relationship with a woman he calls "Cynthia." Their connection was sometimes blissful, more often agonizing, but as the poet came to recognize, it went beyond pride or shame to become the defining event of his life. Whether or not it

was Propertius' explicit intention, these elegies extend our ideas of desire, and of the human condition itself.

But Velsper does

know someone who could...whispering to her the dread name of...Hild! Yes, Hild! Chief of the demon realm! Big shot of the regions below! Why is it no surprise Urd's known her since she was a little girl? In fa-a-a-ct...

*THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a “strong man” of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. *THINGS FALL APART* is the most illuminating and permanent monument we have to the modern African experience as seen from within.
