Balance your chakras to improve your life, with the powerful 'moving meditation' of Chakradance. If you like the idea of yoga, but not the challenging poses, Chakradance is for you. If you like the idea of meditation, but find it hard to sit still for more than a few minutes, Chakradance is for you. If you know you've got old 'baggage' to release, but find 'talking therapy' too awkward for words, Chakradance is for you. We all want to achieve that wonderful state of 'well-being' in which we feel happier, healthier, more grounded, more balanced, more fully ourselves and more fully alive! With Chakradance, more and more people are finding a way to achieve this. Our chakras are our energy centers (subtle, invisible, but essential to life), that hold mind, body and spirit together. The practice of Chakradance activates, tunes and balances your chakras, to improve your life. Eastern philosophies have long known about the dynamic inter-relationship of mind, body and spirit, and the West, thanks partly to advances in the field of neuro-science, is quickly catching up ... hence the growth of yoga, of mindfulness, and a whole new world of well-being practices. In this book, Chakradance(TM) founder Natalie Southgate explains how this gentle yet powerful 'moving meditation' practice actually works, including examples and stories from her own life and the lives of Chakradancers all over the world. She demonstrates how working with your chakras, using music, movement and mandalas, can help you discover a deeper connection to your true authentic self, leading you to the most wonderful feeling of vibrant well-being. The book also includes links to downloadable chakra-specific music tracks and guided meditations so you can try it for yourself.

Developing Asia has suffered as the COVID-19 pandemic persists. Growth, trade, and tourism collapsed in 2020, leading to the region's first economic contraction in nearly 6 decades. Governments across Asia acted quickly to contain the virus and its economic effects, and signs of bottoming out have now appeared. Inflation remains benign, constrained by depressed demand and declining food prices. A prolonged pandemic is the primary downside risk to the outlook. Persistent or renewed outbreaks and a return to stringent containment could possibly derail the recovery and trigger financial turmoil. Recovery depends on measures to address the health crisis and on continued policy support. The pandemic has highlighted the importance of wellness, both physical and mental. Wellness—the pursuit of holistic health and well-being—is a component of the UN's Sustainable Development Goals. This report evaluates the state of wellness in Asia, documents how the wellness economy is a large and growing part of the region's economy, and discusses how policy makers can promote wellness by creating healthy living environments, encouraging physical activity and healthy diets, and enhancing workplace wellness.

A new edition of the much-loved perennial meditation diary whose messages radiate spiritual wisdom, encouragement and serenity throughout the year • Provides messages of spiritual insight and guidance for every day of the year from Eileen Caddy, co-founder of the Findhorn Community • Offers specific suggestions for your daily spiritual growth and development • Includes a new introduction by Jonathan Caddy, one of Eileen's sons, who adds a fresh perspective to the profound influence this guidance can have One of the much-loved books of Eileen Caddy (1917-2006), co-founder of the Findhorn Community in Scotland, Opening Doors Within is a perennial meditation diary offering down-to-earth inspirational messages of spiritual guidance for every day of the year. For over 35 years, people have used these practical teachings that offer advice on achieving stillness, faith, and fulfillment. Specific suggestions for your daily spiritual growth and development enhance the impact of the supportive words. Eileen's brief messages, from what she called "the still, small voice within," offer inspirational, uplifting, and powerful words of love and support. Her daily

guidance was the bedrock of the early Findhorn Community, and the concept of "inner listening" is still very much part of individual and community practice there today. The encouraging and practical messages speak to those embarking upon the journey to find their divine inner self and spiritual truth. Anyone who meditates--whether inexperienced or seasoned--will find the wisdom shared both insightful and heartening. A new foreword by Jonathan Caddy, Eileen's son who lives in the Findhorn Community, adds a fresh perspective to the profound influence this guidance can have. No matter how you use the wisdom shared in this small book, take these teachings into yourself and carry them within you, until they have done their silent, gentle, and loving work of opening the doors within.

Over 3 million copies sold! Essential reading for Catholics of all walks of life. Here it is - the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholics around the world commonly believe. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. The word catechism means "instruction" - this book will serve as the standard for all future catechisms. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The Catechism of the Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.

"A profound, insightful, extensively researched, sensitive and much needed essay which provides a precious roadmap for traveling together towards a better world" - Mathieu Ricard What would a wisdom-based or "spiritual" approach to politics look like? How can we tap into science to support our collective conscious evolution? In this groundbreaking work, Thomas Legrand Ph.D. proposes to fundamentally reframe our model of development from its current emphasis on "having" to one focused on "being". Mobilizing a wealth of scientific research from many different fields, the core teachings of wisdom traditions, and his own personal experience, Legrand articulates how politics can support human flourishing and the collective shift of consciousness that our current challenges demand. An awakening journey into our human and social potential, Politics of Being charts the way for a truly human development in the 21st century, one to reconcile our minds and hearts, and the whole Earth community. Decision and policy-makers, scholars, sustainability and spiritual practitioners, social activists and citizens will benefit from: - an integral map of such a politics as it emerges; - concrete examples and recommendations in numerous areas ranging from education to governance, to justice and economy; - a complex question converted into a clear and tangible agenda; - a wealth of references to deepen their exploration; - and much more. A unique, field-defining, work on what may be the most important subject of our times... and history!

Cities After Crisis shows how urbanism and urban design is redefining cities after the global health, economic, and environmental crises of the past decades. The book details how these crises have led to a new urban vision—from avantgarde modern design to an artisan aesthetic that calls for simplicity and the everyday, from the sustainable development paradigm to a resilient vision that defends de-growth and the re-wilding of cities, from a homogenizing globalism to a new localism that values what is distinctive and nearby, from the privatization of the public realm to the commoning and self-governance of urban resources, and from top-down to bottom-up processes based on the engagement and empowerment of communities. Through examples from cities around the world and a detailed look at the London neighbourhood of Dalston, the book shows designers and planners how to incorporate residents into the decision-making process, design inclusive public spaces that can be permanently reconfigured, reimagine obsolete spaces to accommodate radically contemporary uses, and build gardens designed and maintained by the community, among other projects.

Resilience, Adaptive Peacebuilding and Transitional Justice BRILL

¿Mostró el Gobierno socialcomunista de Pedro Sánchez y Pablo Iglesias una deriva autoritaria desde el inicio de su legislatura? ¿La pandemia le ofreció la oportunidad de acumular todo el poder para cambiar el régimen por la puerta de atrás, constituirse como casta política hegemónica y transformar la sociedad para gobernar en exclusiva? Los autores, la periodista y diputada de la Asamblea de Madrid Almudena Negro y el politólogo Jorge Vilches, están convencidos de ello. Afirman que se trata de la tentación totalitaria que acompaña a toda ideología izquierdista y enumeran los pasos del citado proceso: colonización del Estado y sus instituciones, cambio de leyes y códigos para satisfacer a sus socios «golpistas» e independentistas, asunción del discurso contra el orden constitucional, marginación a la oposición hasta tildarla de enemiga de la voluntad general y de la propia democracia, control de los medios de comunicación así como de la educación,

erradicación de la independencia del poder judicial, ataque a la Corona y exhalación de un discurso violento y, en ocasiones, «guerracivilista» «Estas páginas son un aviso para navegantes: ni es oro todo lo que reluce ni democracia todo lo que busca la izquierda.» Cristian Campos, jefe de Opinión de El Español «Los autores desgranar de forma lúcida el modus operandi de esta nueva generación de autócratas y los peligros que se ciernen sobre la democracia española y nuestro sistema de libertades. Imprescindible.» Guadalupe Sánchez, abogada y columnista de Vozpópuli «A cada generación le tienta su propio camino de servidumbre. El de hoy se camufla bajo la maleza del relato populista y el discurso identitario. Negro y Vilches nos conducen por esa selva, machete en mano, y al final nos señalan a tiempo la cascada.» Jorge Bustos, jefe de Opinión de El Mundo.

La grieta desnuda explora el fondo de olla de una Argentina tan subejecutada como saturada de interpretaciones. Es un libro sobre la época, sus puntos ciegos y sus crujidos. Y sobre las obsesiones de los autores: el macrismo y la Historia con mayúscula, el Estado y la clase media, la desigualdad y la crisis, Cristina y el peronismo... Para escribir este libro, Martín Rodríguez y Pablo Touzon apelaron a sus mejores armas -la mirada sagaz sobre la coyuntura, la buena prosa y el diálogo entre amigos- haciendo honor a una de las más clásicas tradiciones nacionales: el ensayo para pensar la Argentina.

Bring abundance into your life... on every level This book is about the secret behind money, power, and love. It is about the three laws of nature, which together form the driving force behind the elements that seem to be the undercurrent in everybody's daily lives. Lack and abundance are not "chance" circumstances that just happen to you... Our future is decided by conscious thought, and more importantly conscious knowledge of the three laws of nature dealing with money, power, and

love. By understanding Money, Power and Love, we are all able to create an eternal flow of life-spirit, abundance and love in the world. It reveals a connection between love, power and money that you previously never thought possible. Money power love is one of the most spellbinding concepts of life. Success and abundance is within reach of everyone. From the very first time Money Power Love was a smash hit. It led to spontaneous new insights and it has been an eye-opener for many. Readers feedback: I read the book twice, learned a lot and incorporated it all, with perfect results Evelien Ballantine, South-Africa Never thought a book was able to change my ideas about love, power and money. One of the best books ever Koos Min This book works like a mirror... it changed our lives. Riky, Australia Reading your book right now and I love it Anne, Brussels, Belgium This book is the first in many years I finished in one day Lot of recognition and confrontation... and even tears. Sandra Ruben, the Netherlands This fantastic book teaches you, clear and simple, what you are worth. It gives a lot of insight. Recommended Marcel van der Wiel, Consultant The book has been published in: English, Spanish, Dutch and German.

Compiled from more than four hundred hours of channeling by Barbara Marciniak, Bringers of the Dawn imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

"... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."--Publisher's website.
