The invention  
of collage by  
Picasso and  
Braque in  
1912 proved  
to be a  
dramatic  
turning point

in the  
development  
of Cubism and  
Futurism and  
ultimately one  
of the most  
significant  
innovations in  
twentieth-  
century art.

Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with

which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by it - undermined prevailing notions of material and stylistic unity, subverted the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange. Dictionnaire de la noblesse, contenant les

généalogies, l'histoire & la chronologie des familles nobles de la France, l'explication de leurs armes, & l'état des grandes terres du royaume ... On a joint ... le tableau généalogique, historique, des maisons souveraines de l'Europe, & une notice des familles étrangères, les plus anciennes, les plus nobles, & plus illustrés ... Wentworth Press  
This work has been selected by scholars as being

culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other

notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and

we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
