Dancing to the Lyrics is a timeless and timely coming-of-age tale. Through the eyes of the young protagonist, Grant Cole, we are offered a first-hand account of an African American gay youth who perseveres in spite of personal and family obstacles as well as the larger challenges of his era. As Grant struggles to comprehend his own nature, his world, and the adults who populate it, he observes and emotionally reacts to the assassinations of MLK and RFK, the Baltimore riots, the Vietnam War and more. Poverty, accompanied by crime, violence and fear, is his frequent companion, but his own vivid imagination and close relationships with his younger sisters, various family members and friends bring hope and humor into his life. While Grant witnesses the abuse of his mother at the hands of a cruel stepfather, and discovers the man he doesn't want to be, he strives continually toward understanding the person he was born to be. He learns crucial lessons from his life teachers: faith and pragmatism from his grandparents, and open-mindedness and self-acceptance from a diverse cast of unconventional but kindly characters woven throughout his story. While very much an individual's story of overcoming adversity during a specific point in time and place - 1960's America - Dancing to the Lyrics also provides a lens through which we can view events in our current time. The lessons that young Grant learns are as relevant today as ever and discerning them through the eyes of such an insightful youngster is a revelation.

A Syria-born dancer offers his deeply personal story of war, statelessness, and the pursuit of the art of dance in this inspirational memoir. *DANCE OR DIE* is an autobiographical coming-of-age account of Ahmad Joudeh, a young refugee who grows up in Damascus with dreams of becoming a dancer. When he is recruited by one of Syria's top dance companies, neither bombs nor family opposition can keep him from taking classes, practicing hard, and becoming a Middle Eastern celebrity on a Lebanese reality show. Despite death threats if Ahmad continues to dance, his father kicking him out of the house, and the war around him intensifying, he persists and even gets a tattoo on his neck right where the executioner's blade would fall that says, "Dance or Die." A powerful look at refugee life in Syria, *DANCE OR DIE* tells of the pursuit of personal expression in the most dangerous of circumstances and of the power of art to transcend war and suffering. It follows Ahmad from Damascus to Beirut to Amsterdam, where he finds a home with one of Europe's top ballet troupes, and from where he continues to fight for the human rights of refugees everywhere through his art, his activism, and his commitment to justice.

Dance with your Heart is the first book in the delightful SA Ballet Academy series of fantasy dance and ballet books for girls. "As a hardened ballet teacher of many years of back-breaking work in my beloved profession, I fell in love with the characters in DANCE WITH YOUR HEART. An extremely enjoyable read, it is also fun and catches with great wit, the foibles of both fellow pupils and teachers. This is a great book for parents and all ages of dancers to read - for those of us for whom the magic of dance will always continue." Amy Gould, Editor: Imaginemag "I read the first book, DANCE WITH YOUR HEART. My daughter Megan and myself couldn't wait to read the book, we both enjoyed it so much. It kept us captivated. Thank you Bronwyn for a wonderful book. Looking forward to the next one!" Sanet, reader "I absolutely adored DANCE WITH YOUR HEART. I really enjoyed the story and all the characters! I even felt

different in my first dance class after reading it! I can't wait for the next one!" Taylor, 13, reader "When I read DANCE WITH YOUR HEART I felt as though I'd been granted access to a world filled with magic and dance, where anything was possible. I LOVED this novel. Gemma had me wishing I was a ballerina and attending a ballet academy from page one; she showed me the excitement and struggles dancers face from beautiful costumes, long lasting friendships and even bleeding toes! With characters that dived out of the novel and pirouetted across my room, it was easy to imagine them as my best friends, rather than characters in a book. They were easy to love and oh-so real. All I wanted to do was step out of my room and visit Gemma on stage or, have a conversation with Ethan or burn Aimee to the ground because I hated her. I loved the journey the group took together and can't wait to see what else they discover at SABA!" Storm, 15, reader "My 14-year-old daughter loved this book and says it has a real story - it is not just a little girl's book about tutus and tiaras. There's a ghost called Emily and a cute boy too..." Sasha Wyatt-Minter, editor: All4Women

Dancing from the Heart is the first study of gender, globalization, and expressive culture in the Cook Islands. It demonstrates how dance in particular plays a key role in articulating the overlapping local, regional, and transnational agendas of Cook Islanders.

Kalissa Alexeyeff reconfigures conventional views of globalization's impact on indigenous communities, moving beyond diagnoses of cultural erosion and contamination to a grounded exploration of creative agency and vital cultural production. Central to the study is a rich and textured ethnographic account of contemporary Cook Islands dance practice. Based on fieldwork, in-depth interviews, and archival research, it offers an engrossing analysis of how Cook Islands social life is generated through expressive practices. Dance is explored in a variety of settings, including beauty pageants, tourist venues, nightclubs and community celebrations at home and within Cook Islands communities abroad. Contemporary Cook Islands dance practices are also shaped by competing ideas about the past. Debates about precolonial traditions, missionization, and colonialism pervade discussions about dance and expressive culture. Alexeyeff shows how the politics of tradition reflect the competing moral, political, personal, and economic practices of postcolonial Cook Islanders. Throughout the work the stories and voices of individuals are brought to the fore. Their views are juxtaposed with scholarship on tradition, modernity, and social dynamics. Engaging and accessible, Dancing from the Heart illuminates specific and intimate aspects of Cook Islands social life while, at the same time, addressing fundamental questions within anthropology and indigenous, performance, and postcolonial studies.
