 This is the definitive guide to learning and mastering Tarot quickly and easily. Unique, fun, easy-to-learn exercises teach you how to hear what the cards are trying to tell you. This book is perfect for the beginner: all you need to read the tarot is this book and a deck of cards (preferably the standard Rider decks you can find anywhere). We start you immediately practicing our unique, easy and fun exercises with your cards. You will spend your time playing with your cards, not memorizing rules and dogma from some book of archaic superstition and vague cards meanings. You see, this is not yet another book of Tarot card meanings. How boring is that? We will start your hands-on learning immediately; you will be playing with your Tarot cards as they reveal the future to you. You learn by doing, not by memorizing outdated lies and superstitions. This is our official Tarot academy textbook, the same one we use to turn beginners into professionals. This (hands-on time and practice) is essential or you will be trapped in the cycle of buying more and

more Tarot books that only make you more and more reliant on them for card meanings. Here is what you will by reading this book: What your cards are telling you every time you ask a question. What various meanings your cards can have (how else can 78 cards describe the thousands of things that could happen to you on any given day?) How to cast a spread and actually get reliable answers The best spreads to use, how to use them, and when to use them (for any occasion) What the cards "traditionally mean" and why that is important, but not more important than what your intuition is telling you "right now" The difference between average Tarot readers and masters is their ability to hear their inner voice, and see how card meanings adapt to the question being asked. We help you instinctively see exactly how cards blend, influence, and aspect other cards, and how to answer ANY question, even if you have never picked up a deck. We do this through unique exercises and games, taught nowhere else in the world. Click on the "Look Inside" link above to see exactly how you will

quickly and easily master the Tarot. This is a highly interactive workbook: You don't just read this book and put it on the shelf-you practice what you learn in real time, and you see results instantly from your education. The more you practice the better your results will be and the more you will understand your cards. We even have TONS of free videos every week and audio lessons to supplement your education at our easy tarot lessons website. This book is the best way to start learning the tarot. When you have completed this book and you want to read cards better than most professional tarot readers you will ever meet, you will want to pick up a copy of *Advanced Tarot Secrets*. That book will help you get 3-5 times more information from every spread you cast than anyone you know, and it will teach you the deepest secrets of distance divination and manifestation. Best of all, unlike any other professionally published tarot book this book comes with complete support. If you ever get lost, stuck, or bored, we are here to help. You can find us inside the book.
