The Secret Diary of Adrian Mole Aged 13 3/4 National Geographic Books

Adrian Mole has entered early middle age and is now 'the same age as Jesus was when he died' (33). Father to the grammatically challenged Glenn, and William, who takes a 'Big Boy Arouser' condom to nursery school as his innocent contribution to a hot air balloon project, Adrian is a single parent who has an on/off relationship with his housing officer, Pamela Pigg. Will she help him to move from the notorious Gaitskell estate before William joins the Mad Frankie Fraser fan club? In the meantime, Adrian continues to be scandalised by his irresponsible parents who are conducting a matrimonial square-dance with the Braithwaites - the parents of the beautiful but unobtainable Pandora, who is ruthlessly pursuing her ambition to be New Labour's first woman P.M. - and to confide in his diary. His current worries include: indestructible head-lice; his raging jealousy when his accomplished half-brother Brett arrives on his doorstep; moral decline in The Archers; his desperate attachment to two therapists; his mild addiction to Starburst (formerly Opal Fruits); a small earthquake in Leicester; and, perhaps most significantly, the dawn of a new millennium.

Adrian Mole is thirty-four and three quarters, almost officially middle-aged, when Mr Blair tells Parliament that weapons of mass destruction can be deployed in forty-five minutes and can reach Cyprus. Adrian is worried that he might not get a refund on his holiday. But that's not all that is bothering him. There's his odd girlfriend Marigold who has become distressingly New Age. And his son Glenn who is in Deepcut Barracks. Would Mr Blair have been quite so keen if it had been his son manning a roadblock?

Sunday July 18th My father announced at breakfast that he is going to have a vasectomy. I pushed my sausages away untouched. In this second instalment of teenager Adrian Mole's diaries, the Mole family is in crisis and the country is beating the drum of war. While his parents have reconciled after both embarked on disastrous affairs, Adrian is shocked to learn of his mother's pregnancy. And even though at the mercy of his rampant hormones and the fickle whims of the divine Pandora, a victim of a broken home and his own tortured (though unrecognised) genius, Adrian continues valiantly to chronicle the pains and pleasures of a misspent adolescence.

'Essential...A complex blend of overexcited Adrian Mole-like anecdotes mixed with shocking moments of racism and insights into Muslim religious practices' Sunday Times The hilarious and pubescent debut book from your favourite British Muslim

comedian (that's Tez Ilyas, by the way) is coming to a shop near you. You may know and love Tez from his stand-up comedy, his role as Eight in Man Like Mobeen, his Radio 4 series TEZ Talks, or panel shows such as Mock the Week and The Last Leg. Where you won't know him from is 1997 when he was 13 3/4. (But now you will - because that's what the book is about.) In this suitably dramatic rollercoaster of a teenage memoir, Tez takes us back to where it all began: a working class, insular British Asian Muslim community in his hometown of post-Thatcher Blackburn. Meet Ammi (Mum), Baji Rosey (the older sister), Shibz (the fashionable cousin), Was (the cool cousin), Shiry (the cleverest cousin) and a community with the most creative nicknames this side of Top Gun. Running away from shotgun-wielding farmers, successfully dodging arranged marriages, getting mugged, having front row seats to race riots and achieving formative sexual experiences doing stomach crunches in a gym, you could say life was fairly run of the mill. But with a GCSE pass rate of 30% at his school, his own fair share of family tragedy around the corner and 9/11 on the horizon, Tez's experiences of growing up as a British Muslim wasn't the fun, Jihad-pursuing affair the media wants you to believe. Well ... not always. At times shalwar-wettingly hilarious and at others searingly sad, The Secret Diary of a British Muslim Aged 133/4 shows 90s Britain at its best, and its worst.

The Secret Diary of Adrian Mole Turtleback Books

British adolescent angst has never been so "laugh-out-loud funny" as in this first encounter with a sharp-witted, pining, and achingly honest underdog (The New York Times). Perhaps when I am famous and my diary is discovered, people will understand the torment of being a 13¾-year-old undiscovered intellectual. Adrian Mole is approaching fourteen, and like all radical intellectuals he must amass his grievances: His acne vulgaris is grotesque; his crush, Pandora, received seventeen Valentine's Day cards; his PE teacher is a sadist; he fears his parents' marriage is over since they no longer smoke together; his dog has gone AWOL; no one appreciates his poetry; and Animal Farm has set him off pork for good. If everyone were as appalled as Adrian Mole, it would be a better world. Introducing "one of literature's most endearing figures": a luckless adolescent of great expectations and dwindling patience who knows all—or believes he does—and tells all (The Observer). First published in 1982, Adrian's chronicle of angst has sold more than twenty million copies worldwide, spawned seven sequels, and been adapted for television and staged as a musical. Here's where it all began.

True Confessions of Adrian Albert Mole, Margaret Hilda Roberts and Susan Lilian Townsend National Geographic Books

Adrian Mole faces the same agonies that life sets before most adolescents: trouble s with girls, school, parents, and an uncaring world. The difference, though, between young Master Mole and his peers is that this British lad keeps a diary—an earnest chronicle of longing and disaster that has charmed more than five million readers since its two-volume initial publication. From teenaged Adrian's anguished adoration of a lovely, mercurial schoolmate to his view of his parents' constantly creaking relationship to his heartfelt but hilarious attempts at cathartic verse, here is an outrageous triumph of deadpan—and deadly accurate—satire. ABBA, Princess Di's wedding, street punks, Monty Python, the Falklands campaign . . . all the cultural pageantry of a keenly observed era marches past the unique perspective of Sue Townsend's brilliant comic creation: A . Mole, the unforgettable lad whose self-absorption only gets funnier as his life becomes more desperate.
