Dracula starts out with several entries in Jonathan Harker's journal, which comprise the first four chapters. These entries set the structure for the rest of the novel, which is also told mainly through journal entries and letters.

This first section introduces Harker, who is a recently promoted English solicitor (a type of attorney). Harker travels eastward across Europe from London to Transylvania, where he is going to meet Count Dracula and explain to the count the particulars of his London real estate purchase. As he travels across the country to the castle, he notices the reaction of various

area residents who are frightened by Dracula's name. At Harker's last checkpoint, a coach from Dracula's castle arrives for him. Harker notes the strength of the driver.

It's chaotic - a bit of love, a bit of lust and there you are. We don't ask for life, we have it thrust upon us. Written by Shelagh Delaney when she was nineteen, *A Taste of Honey* is one of the great defining and taboo-breaking plays of the 1950s. When her mother, Helen, runs off with a car salesman, feisty teenager Jo takes up with a black sailor who promises to marry her before he heads for the seas, leaving her pregnant and alone. Art student Geoff

moves in and assumes the role of surrogate parent until misguidedly, he sends for Helen and their unconventional setup unravels. *A Taste of Honey* offers an explosive celebration of the vulnerabilities and strengths of the female spirit in a deprived and restless world. Bursting with energy and daring, this exhilarating and angry depiction of harsh, working-class life in post-war Salford is shot through with love and humour, and infused with jazz. The play was first presented by Theatre Workshop at the Theatre Royal Stratford, London, on 27 May 1958.

This new edition has been completely revised to reflect the notable innovations in mining engineering and the remarkable developments in the science of rock mechanics and the practice of rock engineering that have taken place over the last two decades.

Although "Rock Mechanics for Underground Mining" addresses many of the rock mechanics issues that arise in underground mining engineering, it is not a

text exclusively for mining applications. Based on extensive professional research and teaching experience, this book will provide an authoritative and comprehensive text for final year undergraduates and commencing postgraduate students. For professional practitioners, not only will it be of interests to mining and geological engineers, but also to civil engineers, structural mining geologists and geophysicists as a standard work for professional reference purposes.

As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to

attain independence from the British Empire. A *PASSAGE TO AFRICA* is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of

recognition is always there, but it is the personal element that gives A PASSAGE TO AFRICA its originality. Africa becomes not only a group of nations or a vast continent, but an epic of individual pride and suffering.

A philandering art dealer tries to give up casual love affairs - seeking only passionate kisses as a substitute. A man recounts his personal history through the things he has stolen from others throughout his life. A couple chart the journey of their five year relationship backwards, from awkward reunion to lovelorn first encounter. And, at the heart of the book, a 24-year old young woman, Bethany Mellmoth, embarks on a year-long journey of wishful and tentative self-discovery. *The Dreams of Bethany Mellmoth* depicts the random encounters that bring the past bubbling to

the surface; the impulsive decisions that irrevocably shape a life; and the endless hesitations and loss-of-nerve that wickedly complicate it. These funny, surprising and moving stories are a resounding confirmation of Boyd's powers as one of our most original and compelling storytellers.

In New Selected Poems 1984-2004, Carol Ann Duffy draws together key poems from her published work to date spanning twenty extraordinary years of definitive writing from *Standing Female Nude* (1985) to *Feminine Gospels* (2003). Always vital, original and poignant, Carol Ann Duffy has been called the representative poet of our times. Her distinctive style incorporates witty acts of ventriloquism and imagination

that fearlessly and with sparkling lucidity address timeless and universal themes in ways both personal and political. In doing so, she speaks to our collective memory and establishes herself as a modern classic.
