Diccionario de escritores mexicanos : siglo XX : desde las generaciones del Ateneo y novelistas de la Revolución hasta nuestros días Leuven University Press

Cuban Studies 38 examines topics that include: liberalism emanating from Havana in the early 1800s; Jose Martí's theory of psychocoloniality; the relationship between sugar planters, insurgents, and the Spanish military during the revolution; new aesthetics in Cuban cinema, the "recovery" of poet José Angel Buesa, and the meaning of Elián Gonzales in the context of life in Miami.

The Rough Guide to Mexico (Travel Guide eBook) UNAM

Contemporary religious movements in America vary greatly in their organization, goals, methods, and membership. Reflecting the striking diversity of the current religious movement, the papers in this volume consider three categories of religious movements: native American churches, recently founded religious groups, and syncretistic groups based on imported cults. The general aim is to understand the varieties of human behavior within these institutions and to point out their relationship to society in the United States. Originally published in 1975. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *Entre barricadas* Equinoccio

The Rough Guide to Mexico is the ultimate travel guide to this fascinating nation. The Rough Guide to Mexico also includes detailed itineraries covering the best of the country, as well as things not to miss and regional highlights detailing the most unforgettable experiences. Make the most of your time with The Rough Guide to Mexico.

Archaeology of Ancient Mexico and Central America Instituto Nacional de Ecología

Tanto en la literatura como en el cine me interesan las obras que cuestionan el mundo en que vivimos, que remueven las vísceras y las conciencias, que aceleran la sangre y el corazón, mostrando sin filtros éticos ni políticos la realidad (sin duda violenta y cruel) que el hombre ha creado. Este es, en última instancia, el criterio de fondo que he utilizado para confeccionar este top 100 de películas de culto: lo epatante, lo crítico, lo atípico, lo raro, lo provocador, lo grotesco, lo perverso, lo magnético, lo desinhibido, lo incómodo, lo hiriente, lo hipnótico, lo fascinante, lo arrebatador. Más que una guía cinéfila al uso, este manual está concebido como un diario personal de cine, donde me he despachado a gusto con muchas películas que yo opino que nadie debería dejar de ver. El DVD incluye la película: "Gritos en el pasillo" que cuenta como en un mundo de cacahuetes, un prestigioso ilustrador de cuentos infantiles es contratado para alegrar las paredes de un siniestro manicomio. Parece un trabajo sencillo, pero pronto empezarán a suceder cosas extrañas y peligrosas.

Locí Sacri Editorial Biblos

When the Yoruba of West Africa were brought to Cuba as slaves, they preserved their religious heritage by disguising their gods as Catholic saints and worshiping them in secret. The resulting religion is Santería, a blend of primitive magic and Catholicism now practiced by an estimated five million Hispanic Americans. Blending informed study with her personal experience, González-Wippler describes Santería's pantheon of gods ("orishas"); the priests ("santeros"); the divining shells used to consult the gods (the "Diloggún") and the herbal potions prepared as medicinal cures and for magic

("Ewe") as well as controversial ceremonies-including animal sacrifice. She has obtained remarkable photographs and interviews with Santería leaders that highlight aspects of the religion rarely revealed to nonbelievers. This book satisfies the need for knowledge of this expanding religious force that links its devotees in America to a spiritual wisdom seemingly lost in modern society.

The Rough Guide to Mexico Llewellyn Worldwide

Imágenes de la peste, huelgas y marchas de obreros, desapariciones, siluetas de El Familiar y los Uturuncos, barricadas en la ciudad, forajidos y rebeldes convertidos en santos populares, detenciones en la noche, terror y olvido. Representaciones que atraviesan la memoria y la novelística sobre Tucumán al tensar y fragmentar los relatos. Frente al lugar común que concibe al noroeste argentino como zona literaria donde la novela no es un género relevante, luego de un exhaustivo y sistemático relevamiento, que hasta la actualidad no había sido realizado, se constató la existencia de 82 novelas publicadas entre 1950 y 2000 que trazan "geografías imaginarias" alrededor de Tucumán. Un corpus de obras escritas por Tomás Eloy Martínez, Elvira Orphée, Pablo Rojas Paz, Adolfo Colombres, Julio Ardiles Gray, Hugo Foguet, entre otros. Si como señala Ivan Jablonka, tanto la novela como la historia producen conocimiento de lo real, entre estas discursividades se genera una zona de indeterminación, un espacio de vacilación, rememoración y acción. Una suerte de barricada, una línea móvil imaginaria y certera para reescribir el pasado, el presente y el futuro.

Historia de Mexico Vol. I Rough Guides UK

Sacred places are not static entities but reveal a historical dynamic. This volume explores both the cultural developments that have shaped them and their varied multidimensional levels of significance. *Diccionario geográfico, histórico, biográfico y lingüístico del estado de Guerrero* Penguin

The Platyrrhine Fossil Record is a compendium of papers presented in a symposium of the 12th Congress of the International Congress of Primatology held in Brazil. One paper reviews evidence from fossil platyrrhines where the author concludes new dating and environmental data where these animals lived. Another paper describes the major changes pertaining to South American mammalian fauna during the Cenozoic Era, which he relates to global and regional geotectonic changes. Other papers review the paleontology and geology of the Miocene Pintura Formation and reassess the morphological transformations traditionally assumed as having been involved in platyrrhine phylogeny. One author also proposes that a prosimian-like ancestor is probably the predecessors of anthropoids; any similarities and primitive mammals can be evolutionary reversals associated with quadrupedal movements. The text also addresses the issue whether anthropoids, including platyrrhines, evolved from a prosimian ancestor or prosimians are just a group with mammalian postcranial skeletal structure. One author also reviews fossil remains found in the Caribbean, citing seven endemic taxa of platyrrhines in Cuba, Hispaniola, and Jamaica. Anthropologists, researchers involved in anatomical sciences, academicians, and administrators whose works are connected with museums of natural history or institutes of primate research will find this collection valuable.

Introducción de Luis Alberto Spinetta. Prólogo de Adrián Dárgelos y fotos de Nora Lezano. Autor de un libro mítico e inconseguible de 1987, Fernández Bitar agrega información y testimonios recopilados a lo largo de toda su carrera como periodista especializado para ofrecer la enciclopedia definitiva del rock argentino.

Diccionario de escritores mexicanos, siglo XX: S-T University of Pittsburgh Press

Santiago Segura Munguía falleció en febrero de 2014, sin haber podido concluir esta obra a la que dedicó sus últimos cuatro años. Su empeño consistió en retomar su Diccionario por raíces del latín y de las voces derivadas y seleccionar los términos más productivos desde el punto de vista etimológico para enriquecer y hacer más accesible aquel caudal de raíces y términos latinos. Esta nueva y póstuma aportación del emérito profesor de la Universidad de Deusto tiene muchos valores dignos de ser destacados, pues se detiene en las definiciones de las distintas acepciones, fija la antigüedad de las palabras con el año de la primera documentación conocida, recoge los elementos formales de acentuación y entonación..., pero lo más sobresaliente es

que nos habla, como si le estuviéramos viendo y oyendo, del origen de las palabras, de sus acepciones y derivaciones desde su primer significado, llevándonos, con la pasión e ilusión que ponía en sus explicaciones, a revelaciones sorprendentes y curiosas. Su voz, recia y clara, está en estas páginas que se interrumpen en la letra «S», dejando sin terminar este tesoro lingüístico.

50 años de rock en Argentina Pearson Educación

This reference is devoted to the pre-Columbian archaeology of the Mesoamerican culture area, one of the six cradles of early civilization. It features in-depth articles on the major cultural areas of ancient Mexico and Central America; coverage of important sites, including the world-renowned discoveries as well as many lesser-known locations; articles on day-to-day life of ancient peoples in these regions; and several bandw regional and site maps and photographs. Entries are arranged alphabetically and cover introductory archaeological facts (flora, fauna, human growth and development, nonorganic resources), chronologies of various periods (Paleoindian, Archaic, Formative, Classic and Postclassic, and Colonial), cultural features, Maya, regional summaries, research methods and resources, ethnohistorical methods and sources, and scholars and research history. Edited by archaeologists Evans and Webster, both of whom are associated with Pennsylvania State University. c. Book News Inc.

Religious Movements in Contemporary America Pearson Educación

"The purpose of the exhibition is to provide the people of Texas with a deep insight into the new and growing Chicano sensibility which establishes a humanistic, social oriented aesthetic."--From the preface.

Programa de Extensión y Dif.Cult. Elsevier

From the tombs of the elite to the graves of commoners, mortuary remains offer rich insights into Classic Maya society. In Mortuary Landscapes of the Classic Maya: Rituals of Body and Soul, the anthropological archaeologist and bioarchaeologist Andrew K. Scherer explores the broad range of burial practices among the Maya of the Classic period (AD 250–900), integrating information gleaned from his own fieldwork with insights from the fields of iconography, epigraphy, and ethnography to illuminate this society's rich funerary traditions. Scherer's study of burials along the Usumacinta River at the Mexican-Guatemalan border and in the Central

Petén region of Guatemala—areas that include Piedras Negras, El Kinel, Tecolote, El Zotz, and Yaxha—reveals commonalities and differences among royal, elite, and commoner mortuary practices. By analyzing skeletons containing dental and cranial modifications, as well as the adornments of interred bodies, Scherer probes Classic Maya conceptions of body, wellness, and the afterlife. Scherer also

moves beyond the body to look at the spatial orientation of the burials and their integration into the architecture of Maya communities. Taking a unique interdisciplinary approach, the author examines how Classic Maya deathways can expand our understanding of this society's beliefs and traditions, making *Mortuary Landscapes of the Classic Maya* an important step forward in

Mesoamerican archeology.
