AMAYA HAIDEN

White Mouse Oxford University Press

Recounts how CIC agents were trained, searched out spies and saboteurs, and worked behind enemy lines

Operatives, Spies, and Saboteurs DIANE Publishing

This is the riveting story of Noor Inayat Khan, a descendant of an Indian Prince Tipu Sultan (the Tiger of Mysore), who became a British secret agent for SOE during World War II. Shrabani Basu tells the moving story of Noor's life, from her birth in Moscow - where her father was a Sufi preacher - to her capture by the Germans. Noor was one of only three women SOE agents awarded the George Cross and, under torture, revealed nothing, not even her own real name. Kept in solitary confinement, her hands and feet chained together, Noor was starved and beaten, but the Germans could not break her spirit. Then months after she was captured, she was taken to Dachau concentration camp and, on 13th September 194, she was shot. Her last word was 'Liberté'.

Sleeper Spy The History Press

In the first episode of this family saga, psychologist Janelle Marin leads a double life after being recruited as an undercover operative for the CIA. Meanwhile, future spouse Cookie terminates his faculty position at Pittsburgh Culinary Institute.

Morality and the Law in British Detective and Spy Fiction, 1880-1920 Lulu.com

This WWII espionage biography brings "one of America's greatest spies back to life" in a "story of derring-do and white knuckles suspense" (Patrick O'Donnell, author of *Operatives, Spies, and Saboteurs*) Virginia Hall left her comfortable Baltimore roots in 1931 with dreams of becoming a Foreign Service Officer, but her

gender—and her wooden leg—kept her from pursuing politics. As Hitler advanced across Europe, she put her gift for languages to use with the British Special Operations Executive, a secret espionage organization. She was soon deployed to occupied France where she located drop zones, helped prisoners of war flee to England, and secured safe houses for agents. Soon, wanted posters appeared throughout France, offering a reward for Hall's capture. By 1942, Hall had to flee France via the only route possible: an arduous hike on foot through the frozen Pyrénées Mountains. Upon her return to England, the American espionage organization, the Office of Special Services, recruited her and sent her back to France disguised as an old peasant woman. While there, she was responsible for killing 150 German soldiers and capturing 500 others. Sabotaging communications and directing resistance activities, her brave work helped change the course of the war.

Murder in the Mess Hall Presidio Press

The beloved #1 New York Times bestseller, a "fiendishly plotted" (New York Times) "heart-in-your mouth adventure" (Washington Post) that "will take wing and soar into your heart" (Laurie Halse Anderson). October 11th, 1943--A British spy plane crashes in Nazi-occupied France. Its pilot and passenger are best friends. One of the girls has a chance at survival. The other has lost the game before it's barely begun. When "Verity" is arrested by the Gestapo, she's sure she doesn't stand a chance. As a secret agent captured in enemy territory, she's living a spy's worst nightmare. Her Nazi interrogators give her a simple choice: reveal her mission or face a grisly execution. As she intricately weaves her confession, Verity uncovers her past, how she became friends with the pilot Maddie, and why she left Maddie in the wrecked fuselage of their plane. On each new scrap of paper, Verity battles for her life, confronting her views on courage, failure and her

desperate hope to make it home. But will trading her secrets be enough to save her from the enemy? A universally acclaimed Michael L. Printz Award Honor book, *Code Name Verity* is a visceral read of danger, resolve, and survival that shows just how far true friends will go to save each other.

I Spy Hachette Books

Dorothy O'Grady is uniquely placed in the annals of espionage. She was the first Briton condemned to death under the Treachery Act of 1940 after she was frequently spotted on the outskirts of Sandown (a prohibited area on the Isle of Wight), insisting time and again that her dog had strayed. Had her appeal not saved her from the gallows, she would have been the only woman of any nationality to suffer death under the Act during the Second World War - indeed, the only woman to be executed in Britain for spying in the 20th century. Yet the full story of her extraordinary brush with notoriety and its enduring legacy has never been told, despite the fact that it has more than once dominated the front pages of the British press and inspired both a BBC radio drama and a novel. Now, with the benefit of access to previously classified documents, the truth underpinning the O'Grady legend can finally be revealed. Following her appeal she served nine years in prison for her wartime crimes - but was she really a spy in the employ of Germany? Or was O'Grady, as she insisted years later, a self-seeking tease who committed her apparent treachery 'for a giggle'? Or was there some other motivation which drove her to wartime infamy in a case which reverberated around the world? In *The Spy Beside the Sea*, author and journalist Adrian Searle examines all the evidence to reach a disturbing conclusion.

Nonfiction Books to Read in 2019—Woman’s Day The Best Nonfiction Books Coming Out This Year—BookBub “A nonfiction thriller.”—The Wall Street Journal From New York Times and international bestselling author of the “gripping” (Michael Connelly, #1 New York Times bestselling author) *Into the Lion’s Mouth* comes the extraordinary true story of Odette Sansom, the British spy who operated in occupied France and fell in love with her commanding officer during World War II—perfect for fans of *Unbroken*, *The Nightingale*, and *Code Girls*. The year is 1942, and World War II is in full swing. Odette Sansom decides to follow in her war hero father’s footsteps by becoming an SOE agent to aid Britain and her beloved homeland, France. Five failed attempts and one plane crash later, she finally lands in occupied France to begin her mission. It is here that she meets her commanding officer Captain Peter Churchill. As they successfully complete mission after mission, Peter and Odette fall in love. All the while, they are being hunted by the cunning German secret police sergeant, Hugo Bleicher, who finally succeeds in capturing them. They are sent to Paris’s Fresnes prison, and from there to concentration camps in Germany where they are starved, beaten, and tortured. But in the face of despair, they never give up hope, their love for each other, or the whereabouts of their colleagues. In *Code Name: Lise*, Larry Loftis paints a portrait of true courage, patriotism, and love—of two incredibly heroic people who endured unimaginable horrors and degradations. He seamlessly weaves together the touching romance between Odette and Peter and the thrilling cat and mouse game between them and Sergeant Bleicher. With this amazing testament to the human spirit, Loftis proves once again that he is adept at writing “nonfiction that reads like a page-turning novel” (Parade).

If the Walls Could Speak McFarland

Who decides what is right or wrong, ethical or immoral, just or unjust? In the world of crime and spy fiction between 1880 and 1920, the boundaries of the law were blurred and justice called into question humanity’s moral code. As fictional detectives mutated into spies near the turn of the century, the waning influence of morality on decision-making signaled a shift in behavior from idealistic principles towards a pragmatic outlook taken in the national interest. Taking a fresh approach to Sir Arthur Conan Doyle’s popular protagonist, Sherlock Holmes, this book examines how Holmes and his rival maverick literary

detectives and spies manipulated the law to deliver a fairer form of justice than that ordained by parliament. Multidisciplinary, this work views detective fiction through the lenses of law, moral philosophy, and history, and incorporates issues of gender, equality, and race. By studying popular publications of the time, it provides a glimpse into public attitudes towards crime and morality and how those shifting opinions helped reconstruct the hero in a new image.

The Spy and the Traitor Melville House

A recovery of the vital role Chinese, Japanese, and Korean Americans played in US intelligence services in Asia during World War II. Spies deep behind enemy lines; double agents; a Chinese American James Bond; black propaganda radio broadcasters; guerrilla fighters; pirates; smugglers; prostitutes and dancers as spies; and Asian Americans collaborating with Axis Powers. All these colorful individuals form the story of Asian Americans in the Office of Strategic Services (OSS), the forerunner of today’s CIA. Brian Masaru Hayashi brings to light for the first time the role played by Chinese, Japanese, and Korean Americans in America’s first centralized intelligence agency in its fight against the Imperial Japanese forces in east Asia during World War II. They served deep behind enemy lines gathering intelligence for American and Chinese troops locked in a desperate struggle against Imperial Japanese forces on the Asian continent. Other Asian Americans produced and disseminated statements by bogus peace groups inside the Japanese empire to weaken the fighting resolve of the Japanese. Still others served with guerrilla forces attacking enemy supply and communication lines behind enemy lines. Engaged in this deadly conflict, these Asian Americans agents encountered pirates, smugglers, prostitutes, and dancers serving as the enemy’s spies, all the while being subverted from within the OSS by a double agent and without by co-ethnic collaborators in wartime Shanghai. Drawing on recently declassified documents, *Asian American Spies* challenges the romanticized and stereotyped image of these Chinese, Japanese, and Korean American agents—the Model Minority—while offering a fresh perspective on the Allied victory in the Pacific Theater of World War II.

Destroy Before Reading 1 Simon and Schuster

This book portrays the greatest spies and the stories behind them. Clandestine HUMINT (human intelligence) operations were

on the rise during and after 2nd world war. Few of the greatest espionage took place during those times. Some of them have been unclassified now but never been talked about. Many spies had fallen into the lust of Soviet Union and had betrayed United States. Few fell in love with the prettiest cover girls. This book has it all and more..

From Warsaw with Love University of Michigan Press

Contents: (1) Interrogation of Japanese POWs in WW2: U.S. Response to a Formidable Challenge. Military leaders, often working with civilian counterparts, created and implemented successful strategies, building on cultural and linguistic skills that substantially aided the war effort for the U.S. and its Allies. (2) Unveiling Charlie: U.S. Interrogators’ Creative Successes Against Insurgents. Highlights the importance of a deep understanding of the language, psychol., and culture of adversaries and potential allies in other countries. (3) The Accidental Interrogator: A Case Study and Review of U.S. Army Special Forces Interrogations in Iraq. Offers recommendations that are likely to increase the effectiveness of U.S. interrogation practices in the field. Illus.

True Crime: Spy Stories 2 Crown

D-Day Girls Oxford University Press

A film-by-film introduction to Taiwan cinema and cultures

Spy the Lie Random House Trade Paperbacks

The award-winning New York Times bestseller about the American women who secretly served as codebreakers during World War II—a “prodigiously researched and engrossing” (New York Times) book that “shines a light on a hidden chapter of American history” (Denver Post). Recruited by the U.S. Army and Navy from small towns and elite colleges, more than ten thousand women served as codebreakers during World War II. While their brothers and boyfriends took up arms, these women moved to Washington and learned the meticulous work of code-breaking. Their efforts shortened the war, saved countless lives, and gave them access to careers previously denied to them. A strict vow of secrecy nearly erased their efforts from history; now, through dazzling research and interviews with surviving code girls, bestselling author Liza Mundy brings to life this riveting and vital story of

American courage, service, and scientific accomplishment.

Case by Case Hachette UK

NATIONAL BESTSELLER • The dramatic, untold history of the heroic women recruited by Britain's elite spy agency to help pave the way for Allied victory in World War II "Gripping. Spies, romance, Gestapo thugs, blown-up trains, courage, and treachery (lots of treachery)—and all of it true."—Erik Larson, author of *The Devil in the White City* and *Dead Wake* In 1942, the Allies were losing, Germany seemed unstoppable, and every able man in England was on the front lines. To "set Europe ablaze," in the words of Winston Churchill, the Special Operations Executive (SOE), whose spies were trained in everything from demolition to sharpshooting, was forced to do something unprecedented: recruit women. Thirty-nine answered the call, leaving their lives and families to become saboteurs in France. In *D-Day Girls*, Sarah Rose draws on recently declassified files, diaries, and oral histories to tell the thrilling story of three of these remarkable women. There's Andrée Borrel, a scrappy and streetwise Parisian who blew up power lines with the Gestapo hot on her heels; Odette Sansom, an unhappily married suburban mother who saw the SOE as her ticket out of domestic life and into a meaningful adventure; and Lise de Baissac, a fiercely independent member of French colonial high society and the SOE's unflappable "queen." Together, they destroyed train lines, ambushed Nazis, plotted prison breaks, and gathered crucial intelligence—laying the groundwork for the D-Day invasion that proved to be the turning point in the war. Rigorously researched and written with razor-sharp wit, *D-Day Girls* is an inspiring story for our own moment of resistance: a reminder of what courage—and the energy of politically animated women—can accomplish when the stakes seem incalculably high. Praise for *D-Day Girls* "Rigorously researched . . . [a] thriller in the form of a non-fiction book."—Refinery29 "Equal parts espionage-romance thriller and historical narrative, *D-Day Girls* traces the lives and secret activities of the 39 women who answered the call to infiltrate France. . . . While chronicling the James Bond-worthy missions and love affairs of these women, Rose vividly captures the broken landscape of war."—The Washington Post "Gripping history . . . thoroughly researched and written as smoothly as a good thriller, this is a mesmerizing story of creativity, perseverance, and astonishing heroism."—Publishers Weekly (starred review)

Thirty-two New Takes on Taiwan Cinema Cambridge University Press

'A METICULOUS HISTORY THAT READS LIKE A THRILLER' BEN MACINTYRE, TEN BEST BOOKS TO READ ABOUT WORLD WAR II An astounding story of heroism, spycraft, resistance and personal triumph over shocking adversity. 'A rousing tale of derring-do' THE TIMES * 'Riveting' MICK HERRON * 'Superb' IRISH TIMES THE NEW YORK TIMES BESTSELLER In September 1941, a young American woman strides up the steps of a hotel in Lyon, Vichy France. Her papers say she is a journalist. Her wooden leg is disguised by a determined gait and a distracting beauty. She is there to spark the resistance. By 1942 Virginia Hall was the Gestapo's most urgent target, having infiltrated Vichy command, trained civilians in guerrilla warfare and sprung soldiers from Nazi prison camps. The first woman to go undercover for British SOE, her intelligence changed the course of the war - but her fight was still not over. This is a spy history like no other, telling the story of the hunting accident that disabled her, the discrimination she fought and the secret life that helped her triumph over shocking adversity. 'A cracking story about an extraordinarily brave woman' TELEGRAPH 'Gripping ... superb ... a rounded portrait of a complicated, resourceful, determined and above all brave woman' IRISH TIMES WINNER of the PLUTARCH AWARD FOR BEST BIOGRAPHY

Spying in World War I Basic Books (AZ)

"An international insider's feel for a story with a master's touch for telling it. Pick it up and you won't put it down."—Dan Rather In the wake of an important KGB agent's disappearance, an event of international proportions, journalist Irving Fein teams up with a television anchorwoman and stumbles on the story of a lifetime. "Immensely entertaining . . . engaging and cunningly plotted—with a walth of diverting asides on the self-importance of journalists, the duplicity of officialdom, the venality of big-time literary agents and other of civilized society's burdens."—Kirkus Reviews "The spy novel thought dead at the end of the Cold War, is alive and well, rising to new heights in Bill Safire's *Sleeper Spy*."—Richard Helms, former head of the CIA *Consequences: A Pair of Classic Science Fiction Short Stories* Henry Holt and Company NEW YORK TIMES BESTSELLER • The celebrated author of *Double Cross* and *Rogue Heroes* returns with his greatest spy story yet, a

thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. "The best true spy story I have ever read."—JOHN LE CARRÉ Named a Best Book of the Year by The Economist • Shortlisted for the Baillie Giffords Prize in Nonfiction If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

Odette Random House

Nancy Wake, nicknamed 'the white mouse' for her ability to evade capture, tells her own story. As the Gestapo's most wanted person, and one of the most highly decorated servicewomen of the war, it's a story worth telling. After living and working in Paris in the 1930's, Nancy married a wealthy Frenchman and settled in Marseilles. Her idyllic new life was ended by World War II and the invasion of France. Her life shattered, Nancy joined the French resistance and, later, began work with an escape-route network

for allied soldiers. Eventually Nancy had to escape from France herself to avoid capture by the Gestapo. In London she trained with the Special Operations Executive as a secret agent and saboteur before parachuting back into France. Nancy became a leading figure in the Maquis of the Auvergne district, in charge of

finance and obtaining arms, and helped to forge the Maquis into a superb fighting force. During her lifetime, Nancy Wake was hailed as a legend. Her autobiography recounts her extraordinary wartime experiences in her own words.

Double Cross Faber & Faber

Focusing on urban areas in the 1930s, this college professor illuminates the ways that Soviet city-dwellers coped with this world, examining such diverse activities as shopping, landing a job, and other acts.
