The Phoenix and the Carpet - Edith Nesbit - The Phoenix and the Carpet is a fantasy novel for children, written in 1904 by E. Nesbit. It is the second in a trilogy of novels that began with Five Children and It (1902), and follows the adventures of the same five protagonists - Cyril, Anthea, Robert, Jane and the Lamb. Their mother buys the children a new carpet to replace the one from the nursery that was destroyed in an accidental fire. The children find an egg in the carpet which hatches into a talking Phoenix. The Phoenix explains that the carpet is a magical one that will grant them three wishes per day. The five children go on many adventures which eventually wears out their magical carpet. The adventures of the children are continued and conclude in the third book of the trilogy, The Story of the Amulet (1906). This middle volume of the trilogy that began with Five Children and It and concludes with The Story of the Amulet deviates somewhat from the other two because the Psammead gets only a brief mention, and because in this volume the children live with both of their parents and their younger brother—the Lamb—in their home in London. Consequently, there is less loneliness and sense of loss in this volume than in the other two. In both of the other volumes, circumstances have forced the children to spend a protracted period away from their familiar London home and their father; in Amulet, their mother and the Lamb are absent as well. A continuing theme throughout The Phoenix and the Carpet is, appropriately enough, the ancient element of fire. The story begins shortly before November 5, celebrated in England as Guy Fawkes Night. Traditionally, children light bonfires and set off fireworks on this night. The four children have accumulated a small hoard of fireworks but are too impatient to wait until November 5 to light them, so they set off a few samples in the nursery. This results in a fire that destroys the carpet. Their parents purchase a second-hand carpet which, upon arrival, is found to contain an egg that emits a weird phosphorescent glow. The children accidentally knock this egg into the fire: it hatches, revealing a golden Phoenix who speaks perfect English. It develops that this is a magical carpet, which can transport the children to anywhere they wish in the present time, although it is only capable of three wishes per day. Accompanied by the Phoenix, the children have exotic adventures in various climes. There is one moment of terror for the children when their youngest brother, the Lamb, crawls onto the carpet, babbles some incoherent baby talk, and vanishes. Fortunately, the Lamb only desired to be with his mother. At a few points in the novel, the children find themselves in predicaments from which the Phoenix is unable to rescue them by himself; he goes to find the Psammead and has a wish granted for the children's sake. In addition, in the end, the carpet is sent to ask the Psammead to grant the Phoenix's wish. These offstage incidents are the only contribution made by the Psammead to this story.

Si ripercorre la storia della cosmologia moderna, dal XVIII secolo fino alle più recenti scoperte (l'opera è aggiornata fino alla fine 2010). La cosmologia fa uso di concetti complessi, che vengono spesso fraintesi, o che non vengono compresi del tutto, da chi non è specialista del campo. Lo scopo del volume è di trattare esaustivamente tali concetti, entrando nel dettaglio per far

colgiere intuitivamente il loro significato autentico anche ai non addetti: a questo scopo, si fa uso di metafore calzanti, di analogie newtoniane, di trattazioni quantitative che richiedono solo le conoscenze di fisica e di matematica di uno studente di scuola media superiore. Vengono discusse le idee più importanti e controverse che sono attualmente al centro del dibattito cosmologico, come la materia oscura e l'energia oscura. Vengono sviluppati i concetti di base della Relatività Generale e del Modello Standard delle particelle elementari.

From award-winning male/male author Josh Lanyon: a librarian finds himself in a plot right out of one of his favorite mystery novels Librarian Carter Matheson is determined to enjoy himself on a Scottish bus tour for fans of mystery author Dame Vanessa Rayburn. Sure, his ex, Trevor, will also be on the trip with his new boyfriend, leaving Carter to share a room with a stranger, but he can't pass up a chance to meet his favorite author. Carter's roommate turns out to be John Knight, a figure as mysterious as any character from Vanessa's books. His strange affect and nighttime wanderings make Carter suspicious. When a fellow traveler's death sparks rumors of foul play, Carter is left wondering if there's anyone on the tour he can trust. Drawn into the intrigue, Carter searches for answers, trying to fend off his growing attraction toward John. But as unexplained tragedies continue, the whole tour must face the fact that there may be a murderer in their midst—but who? This book is approximately 60,000 words One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise! Carina Press acknowledges the editorial services of Deborah Nemeth

New York Times bestselling author Daniel Suarez imagines a chilling future where technological advances are held hostage by the government in this thriller that perfectly blends “nail-biting suspense with accessible science” (Publishers Weekly). Physicist Jon Grady and his team have discovered a device that can reflect gravity—a triumph that will revolutionize the field of physics and change the future. But instead of acclaim, Grady's lab is locked down by a covert organization known as the Bureau of Technology Control. The bureau's mission: suppress the truth of sudden technological progress and prevent the social upheaval it would trigger. Because the future is already here. And it's rewards are only for a select few. When Grady refuses to join the BTC, he's thrown into a nightmarish high-tech prison housing other doomed rebel intellectuals. Now, as the only hope to usher humanity out of its artificial dark age, Grady and his fellow prisoners must try to expose the secrets of an unimaginable enemy—one that wields a technological advantage half a century in the making.

*Murder Takes the High Road* R. R. Bowker

Now available in eBook for the first time in America—the New York Times bestselling saga of a most unusual family from the award-winning author of The World According to Garp. “The first of my father's illusions was that bears could survive the life lived by human beings, and the second was that human beings could survive a life led in hotels.” So says John Berry, son of a hapless dreamer, brother to a cadre of eccentric siblings, and chronicler of the lives lived, the loves experienced, the deaths met, and the myriad strange and wonderful times encountered by the family Berry. Hoteliers, pet-bear owners, friends of Freud (the animal trainer and vaudevillian, that is), and playthings of mad fate, they “dream on” in a funny, sad, outrageous, and moving novel by the remarkable author of A Prayer for Owen Meany and Last Night in Twisted River.

**ISLAMOPHOBIA : DEUS EX MACHINA** Morrigan Éditions

“Marked by [McDermid's] trademark stunners, including a climax that packs a vicious punch. And readers are again left to marvel at her ingenuity.” —Jay Strafford, Richmond Times-Dispatch From one of the finest crime writers we have, The Vanishing Point kicks off with a nightmare scenario—the abduction of a child in an international airport. Stephanie Harker is in the screening booth at airport security, separated from Jimmy Higgins, the five-year-old boy she's in the process of adopting, when a man in a TSA uniform leads the boy away. The more Stephanie sounds the alarm, the more the security agents suspect her, and the further away the kidnapper gets. It soon becomes apparent that nothing in this situation is clear-cut. For starters, Jimmy's birth mother was a celebrity—living in a world where conspiracy and

obfuscation are excused for the sake of column inches. And then there are the bad boys in both women's pasts. As FBI agent Vivian McKuras and Scotland Yard Detective Nick Nicolaides investigate on both sides of the pond, Stephanie learns just how deep a parent's fear can reach. And the horrifying reality is that she has good reason to be afraid—for reasons she never saw coming. “[McDermid's] work is taut, psychologically complex and so gripping that it puts your life on hold.” —The Times (London) *To Catch a Fallen Leaf* Open Road + Grove/Atlantic "Autonomous is to biotech and AI what Neuromancer was to the Internet."—Neal Stephenson "Something genuinely and thrillingly new in the naturalistic, subjective, paradoxically humanistic but non-anthropomorphic depiction of bot-POV—and all in the service of vivid, solid storytelling."—William Gibson When anything can be owned, how can we be free Earth, 2144. Jack is an anti-patent scientist turned drug pirate, traversing the world in a submarine as a pharmaceutical Robin Hood, fabricating cheap scrips for poor people who can't otherwise afford them. But her latest drug hack has left a trail of lethal overdoses as people become addicted to their work, doing repetitive tasks until they become unsafe or insane. Hot on her trail, an unlikely pair: Elias, a brooding military agent, and his robotic partner, Paladin. As they race to stop information about the sinister origins of Jack's drug from getting out, they begin to form an uncommonly close bond that neither of them fully understand. And underlying it all is one fundamental question: Is freedom possible in a culture where everything, even people, can be owned?

Take one shy French gardener, mix in a naughty aristocrat, add a splash of water, a dash of sunshine, and wait for love to grow. If only it were that easy. Reuben Costaud counts his blessings daily. His run-in with crime is firmly behind him. He has a wonderful job gardening on the Rossingley estate, a tiny cottage all to himself, an orphaned cat named Obélix, and a friendly bunch of workmates. The last thing he needs is a tall, blond aristocrat strolling across the manicured lawns towards him. Falling in love is not part of his plan. Viscount Aloysius Frederick Lloyd Duchamps-Avery, Freddie to his friends, is in big trouble with everyone, from his father and his modelling agency, to his controlling older boyfriend. Seeking solace and refuge, he escapes to Rossingley and his adored cousin Lucien, the sixteenth earl. To take his mind off his woes, Lucien finds him a job with the estate gardening team. Mutual attraction blossoms amongst the gardening tools, and Freddie charms his way through Reuben's defences. But as spring turns to summer and Freddie's London life collides with their Rossingley idyll, Reuben's trust in him is ruptured. Will their love flourish or is it destined for the compost bin? To Catch a Fallen Leaf is a full-length MM contemporary romance, the second in the Rossingley trilogy.

Rabbit Doubt-a mobile phone game-has taken Japan by storm. In it, players are rabbits who must uncover the wolf in rabbit's clothing before falling prey to its mistrust-sowing wiles...as well as its teeth. When a group of teen players decides to meet offline for fun, the last thing they expect is to lose consciousness and wake up trapped in an abandoned building, mysterious bar codes tattooed on their bodies, and a corpse strung up in front of them. To stay alive and find a way out, they have but one option-to sniff out the lying wolf in their midst. Will these virtual acquaintances be able to pull it together in the real world and figure out what's going on in time to avoid ending up as the wolf's dinner?

*Obras completas* Penguin

Fondée sur une conception erronée de la Belgique, la configuration politique unitariste a mené l'Etat belge au bord de l'implosion. Le fédéralisme, remède bâti à coups de réformes improvisées, a abouti à une impasse et le pays est désormais ingouvernable. Face à ce chaos institutionnel, on peut rêver d'une tout autre conception de la Belgique. Ce peut être celle qu'on découvre dans la philosophie politique de Louis de Potter, le héros national de 1830. Mais aussi celle qui est révélee par une

historienne américaine dans une récente thèse sur un 'oubli' de l'Histoire, la Révolution brabançonne de 1789.

\*\*\*Nominated for the Goodreads Choice Award and a Nebula Award\*\*\* EVERY EMPIRE DEMANDS REVOLUTION. Touraine is a soldier. Stolen as a child and raised to kill and die for the empire, her only loyalty is to her fellow conscripts. But now, her company has been sent back to her homeland to stop a rebellion, and the ties of blood may be stronger than she thought. Luca needs a turncoat. Someone desperate enough to tiptoe the bayonet's edge between treason and orders. Someone who can sway the rebels toward peace, while Luca focuses on what really matters: getting her uncle off her throne. Through assassinations and massacres, in bedrooms and war rooms, Touraine and Luca will haggle over the price of a nation. But some things aren't for sale. In a political fantasy unlike any other, debut author C. L. Clark spins an epic tale of rebellion, espionage, and military might on the far outreaches of a crumbling desert empire. 'Clark's debut introduces a remarkable LGBTQ+ culture amid a story of colonial conquest, exploitation, prejudice, and brewing revolt in a land with a lost history of mystical powers . . . Fans of epic military fantasy will eagerly await more from Clark!' Booklist 'High adventure on a human scale - don't miss it!' Alix E. Harrow 'This strong debut is filled with exciting action and worldbuilding, intriguing characters . . . and an explosion of feelings. Readers will be clamoring for more of Touraine and Luca before they finish' Library Journal: Starred Review 'The Unbroken is something special. I'm going to need book two asap' David Dalglish 'A compelling and persuasive reimagining of both heroism and heroics' Evan Winter 'A perfect military fantasy: brutal, complex, human and impossible to put down' Tasha Suri 'This book feels like one of those deep conversations you have with someone you respect at 3am on a Saturday night. It's wonderful, you know you're going to miss it before it's even over and you'll think about it for a long time to come' FIYAH Literary Magazine 'C. L. Clark's epic fantasy debut reveals all the ugly, painful, deeply personal complexities of revolution against empire. I'm in awe!' Shelley Parker-Chan 'A bold and exciting work that helps steer the evolution of the genre into the next decade' Marshall Ryan Maresca 'Get ready to fall in love with Touraine and Luca in one of the best fantasy debuts I have ever read!' Matt Wallace 'THE UNBROKEN is a utterly remarkable fantasy debut. A heart-rending, unflinching tale of love, loyalty, and making the right

choices despite the repercussions. Clark had me completely engrossed in her prose, her world, and her characters from beginning to end' FanFiAddict 'A riveting epic fantasy about a city on the knife's edge of rebellion' K. A. Doore

**The Phoenix and the Carpet** Tor Books

Dr Jay Sorrentino is getting married in ten days' time to the girl of his dreams, so what the hell is he doing in a gay London club with a stupidly handsome stranger? As if calling off the wedding and alienating his friends and family isn't enough, Jay also has to contend with starting a new job at a new hospital. So the last thing he needs is for the bloke from the club to be his prickly supervisor. Dr Lucien Avery is a difficult colleague. He's also the unexpected and reluctant heir to the vast Rossingley estate. Reclusive and miserable, he hates most of his colleagues, people who eat packed lunches, and supervising junior doctors. That is, until the delectable Dr Sorrentino turns up on his doorstep. A light-hearted M/M contemporary romance, Rossingley takes place in Southern England and is centred around a fictional country house and estate by the same name. The first in the series, it can be read as a standalone.

**The Poetics of Aristotle** Olivier

Jim Grimsley's novels and short stories have been favorably compared to the works of Samuel R. Delany, Jack Vance, and Ursula K. Le Guin. Now he unleashes an ambitious and audacious collision between science and magic. The Twil Gate links two very different realms. On one side of the portal is Senal, an advanced technological civilization of some thirty billion inhabitants, all cybernetically linked and at war with machine intelligences many light-years away. On the other side is Irion, a land of myth and legend, where the world is flat and mighty wizards once ruled. Jedda Martele is a linguist and trader from Senal. Although fascinated by the languages and cultures of Irion, she shares her people's assumption that Irion is backward and superstitious and no match for her homeland's superior numbers and technology. But as the two realms march inevitably toward war, Jedda finds herself at the center of historic, unimaginable events that will challenge everything she has ever believed about the world---and herself. *The Ordinary* is a powerful and entrancing tale of magic, science, and the mysterious truth that binds them together. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
