That's how the light gets in." —Leonard Cohen Christmas is approaching, and in Québec it's a time of dazzling snowfalls, bright lights, and gathering with friends in front of blazing hearths. But shadows are falling on the usually festive season for Chief Inspector Armand Gamache. Most of his best agents have left the Homicide Department, his old friend and lieutenant Jean-Guy Beauvoir hasn't spoken to him in months, and hostile forces are lining up against him. When Gamache receives a message from Myrna Landers that a longtime friend has failed to arrive for Christmas in the village of Three Pines, he welcomes the chance to get away from the city. Mystified by Myrna's reluctance to reveal her friend's name, Gamache soon discovers the missing woman was once one of the most famous people not just in North America, but in the world, and now goes unrecognized by virtually everyone except the mad, brilliant poet Ruth Zardo. As events come to a head, Gamache is drawn ever deeper into the world of Three Pines. Increasingly, he is not only investigating the disappearance of Myrna's friend but also seeking a safe place for himself and his still-loyal colleagues. Is there peace to be found even in Three Pines, and at what cost to Gamache and the people he holds dear? How the Light Gets In is the ninth Chief Inspector Gamache Novel from Louise Penny. INSTANT NEW YORK TIMES BESTSELLER A laugh-out-loud funny look at pop culture and social media stardom from one of the most popular funemployed millennials today, perfect for fans of Next Level Basic and The Betches. As the creator of the breakout Instagram account @GirlWithNoJob, Claudia Oshry has turned not wanting an ordinary career into a thriving media company and pop culture-focused podcast and morning show. The origins of her pop culture obsessions can be traced back to household debates over boy bands, and her flair for the dramatic to her young emulation of Blair Waldorf. When she started @GirlWithNoJob, Claudia entered that world herself as a social media influencer, sharing her unbelievable—and unbelievably awkward—encounters with some of her favorite A-listers as she navigates her incredible access. Now, in this juicy, behind-the-scenes look at the life of an Instagram sensation, Claudia leaves nothing out as she contemplates staying true to yourself while hustling in today's digital culture. Sometimes the best lessons are learned the hard way, and her journey hasn't been without its punch-in-the-face doses of humility. But, like anyone with a relentless desire to be popular, she dusts herself off and finds a new, better way forward. With humor and unique insights, Claudia examines the nature of social media celebrity, the many sides of fandom, and cancel culture. If there's one thing she knows for sure, she was born thirsty, and she's here for another round!

An Instinctive Feeling of Innocence via tolino media

Shopping was as important in the Renaissance as it is in the 21st century. This book breaks new ground in the area of Renaissance material culture, focussing on the marketplace in its various aspects, ranging from middle-class to courtly consumption and from the provision of foodstuffs to the acquisition of antiquities and holy relics. It asks how men and women of different social classes went out into the streets, squares and shops to buy the goods they needed and wanted on a daily or on a once-in-a-lifetime basis during the Renaissance period. Drawing on a detailed mixture of archival, literary and visual sources, she exposes the fears, anxieties and social possibilities of the Renaissance marketplace. Thereafter, Welch looks at the impact these attitudes had on the developing urban spaces of Renaissance cities, before turning to more transient forms of sales such as fairs, auctions and lotteries. In the third section, she examines the consumers themselves, asking how the mental, verbal and visual images of the market shaped the business of buying and selling. Finally, the book explores two seemingly very different types of commodities - antiquities and indulgences, both of which posed dramatic challenges to contemporary notions of market value and to the concept of commodification itself.
